A Commitment to Community Involvement

The City of Aventura's newsletter represents the City Commission's continued commitment to keep the community updated about important City government issues and services. This newsletter is published on a periodic basis and your comments and suggestions are welcome.

Mission Statement

Our mission is to join with our community to make Aventura a city of the highest quality and a city of excellence. We do this by providing RESPONSIVE, COST EFFECTIVE and INNOVATIVE local government services.

NE 29th Place to Receive Major Upgrade

A major facelift of the area surrounding NE 29th Place south of Aventura Boulevard will begin over the next several months. The City Commission awarded a bid in the amount of \$712,000 for drainage, safety and roadway improvements to NE 29th Place at their May meeting. This capital improvement project also includes new sidewalks, decorative street lighting and new landscaping. The Publix Shopping Center located on NE 29th Place is in the process of being torn down and will be replaced by a new two-story Publix, a CVS with a drive-thru and other new retail shops. The old Publix is scheduled to close in October in order to allow construction to take place on that site. In light of the construction and possible street closures due to the improvement projects over the next 6 to 8 months, the bus stops along NE 29th Place were relocated to the new transit terminal. The transit terminal is located on the first floor of the parking garage next to Nordstrom's at the Aventura Mall.

Aventura Express Shuttle Bus

Aventura Mall Transit Terminal

The Aventura Express Shuttle Bus stop at Aventura Mall is located at the transit terminal garage located next to Nordstrom and JCPenney. Connections with Miami-Dade and Broward County buses are available at this stop.

Aventura Express Bus App

The City of Aventura launched a new, free, user-friendly, mobile and browser app, Aventura Express, designed to help Aventura Express Shuttle Bus passengers locate buses in real-time as well as get approximate arrival times to stops along every route. Download the app or view it from any device using a web browser by visiting cityofaventura.com.

AVENTURA EXPRESS

Check the location of all **Aventura Express Shuttle Buses** in real-time and approximate arrival times to stops along every route.

Search for and download **Aventura Express** on Apple App Store or Google Play Store and start tracking!

Aventura Police Department

In-Car Cameras

The Aventura Police Department is taking a proactive initiative to hold itself accountable and stay on the forefront of policing by installing in-car video systems inside its vehicles. Priding itself as a premier agency in the region while offering top quality service, the in-car video systems provide the City of Aventura's community with full transparency during a police and public encounter.

With the assistance of surrounding agencies and court systems for guidance, the Department spent time selecting a secure, quality product with training and installation that benefits all stakeholders. The selected system incorporates high definition video which records several videos simultaneously along with digital audio. The system's camera takes panoramic video of an officer's vehicle to give the observer a complete view of what may be taking place in the officer's peripheral vision. Police officers, subjects, partners in the court system, and the community benefit with proof of the encounter.

The Department takes great pride implementing this program as it complements its loyal efforts to consistently maintain its mission statement:

- To provide a full-service, community-oriented police department;
- To respond to all calls for service in a timely and professional manner;
- To ensure that all crimes are thoroughly investigated and those who are arrested are successfully prosecuted; and,
- To interact with the community and create partnerships that enhances law enforcement and quality of life issues.

Park Hours for Summer

Founders Park, Veterans Park, Waterways Park, and Waterways Dog Park are open daily from 8 AM - 8 PM.

The **SplashPad** at Founders Park is open Tuesday-Sunday from 10 AM - 7 PM and is closed on Mondays except on the following holidays which fall on a Monday: Memorial Day, May 30; 4th of July; and Labor Day, September 5.

Registration

Registration for classes, programs, athletics, and events can be completed at the Aventura Community Recreation Center, Waterways Park, Founders Park, or online using the City's **Online Registration System (ORS)** at cityofaventura.com/ors (restrictions apply).

Tennis Court and Park Shelter Reservations

City of Aventura residents can reserve tennis courts and park shelters exclusively online at cityofaventura.com/ors. Online reservations provide a streamlined reservation process where residents can conveniently schedule and confirm their reservations with just a few clicks, anywhere, anytime – 24 hours a day.

Community Services

Recreational Programs Aventura Summer Activities

A complete and balanced program of recreational classes are offered throughout the summer. Browse through the official catalog of classes online at cityofaventura.com/ors. Registration is open.

Summer Camps

All camps are held Monday - Friday from 7:30 AM - 6 PM at the Community Recreation Center. Fees vary for weekly and full sessions as well as for residents and non-residents. Visit cityofaventura.com for details or contact the City of Aventura Community Recreation Center located at 3375 NE 188 Street, 305-466-3883.

Community Recreation Center Membership

Community Recreation Center members of all ages enjoy a variety of benefits including: the use of an indoor basketball court; a fitness room with a waterfront view; fun activities; and a variety of classes including free classes in yoga, bridge, body-sculpting, mahjong, Pickleball, knitting, Zumba, and strength circuit.

Community Recreation Center membership registration is accepted in person only at the Community Recreation Center, Founders Park or Waterways Park.

Sports Programs Private Sports and Wellness Coaching

Private lessons are available for all ages

at Founders Park and Waterways Park to improve game or fitness level with coaches that focus on the whole athlete.

Tennis

Founders Park is the place for tennis. The City offers the following classes: Mommy and Me Tennis for ages 3-4, 10 & Under Tennis for ages 5-10, and Junior Tennis for ages 8-12.

Private lessons are available for all ages. An hour of customized 1-on-1 instruction is a great way to learn all the basics at the player's own pace before joining a group lesson.

Youth Sports

Children ages 5-14 are offered the opportunity to participate in a variety of

athletic sports including basketball, flag football, girls soccer, boys soccer, and the Aventura Little League (for ages 4-14).

Aventura City of Excellence School

Excellence Abounds

Addressing the Needs of the Whole Child

The Aventura City of Excellence School's (ACES) vision is to join with its community to become a premier national Charter School where academic excellence coexists with the promotion of social responsibility grounded in an atmosphere of human dignity.

Academics

ACES's academic excellence is evident in its prominent standardized test scores as measured by the county and state. ACES is currently ranked number one in the county based on the scores given by the Florida Department of Education and consistently outperforms district and state averages on Florida Standardized Assessments (FSA), Florida Comprehensive Assessment Test (FCAT) and End-of-Course Assessment (EOC) tests.

Arts

The school's excellence is not limited to testing and academics but shines in the arts as well. Students participate in Peace Day and the City of Aventura celebrations including Veterans Day and Arbor Day by singing, dancing and acting. The school spotlights plenty of talent at their generally sold out annual winter show, drama shows and talent showcase. Students also showcase artistic abilities in the Fairchild Challenge, an interdisciplinary, environmental science competition designed to engage students of diverse interests, abilities, talents and backgrounds to explore the natural world.

Philanthropy & Service

Students display their excellence in philanthropy by participating in multiple fund raising and community service events throughout the year. Food was donated to

Joshua's Heart, an organization committed to ending world hunger during the student led food drive in April. A toy drive was held in December to provide holiday presents to children who may not otherwise receive holiday gifts. Students have consistently raised more than any other school for research related to Cystic Fibrosis. This year's fund raising also included a dress down day for the Wounded Warriors Project, a military and veterans charity service organization empowering injured veterans and their families.

Aventura City of Excellence School

Athletics

ACES athletic excellence is evident in the multiple championships won by its student athletes. The ACES Eagles Flag Football team finished the season undefeated and won the IAL Conference Championship for the second time in three years. The ACES Eagles Boys Soccer team finished the season undefeated and won the IAL Conference Championship for the second straight year. The JV Boys Basketball team won the school's first ever IAL JV Basketball Championship. The Girls Soccer team won the IAL South Division title and finished as the league runner-up. There are also multiple opportunities for all students to participate in our intramural sports program.

Experiences

ACES not only values classroom practice, but it strives to give its students academic and artistic experiences outside of the classroom. Overnight field trips are taken to St. Augustine, Wekiwa State Park, and Bone Valley, Williamsburg and Charleston. Single day field trips include Jonathan Dickinson State Park, Shark Valley, Hugh Taylor Birch State Park, Miami Children's Museum, and Miami Seaquarium. Students are also fortunate to have the access to various shows presented at the Aventura Arts & Cultural Center including The New Shanghai Circus, Brazil to the World, Dog Loves Books, Three Little Birds, and New World School of the Arts Dance performance. These experiences are reflective of the school's commitment to the whole child approach and reinforce the curriculum.

Excellence is displayed in everything!

Whether in the classroom, on the stage or in the community, ACES strives to adhere to its mission which states everyone has a responsibility to create a climate that enables every individual to feel cared for, respected and act as contributing members of the school culture. All students can learn and will be encouraged to strive for academic excellence and personal growth that allows them to be productive and active members of society.

Admission is FREE

Volunteer for Your City by Applying for the Art in Public Places Advisory Board

The City of Aventura is accepting applications for its Arts in Public Places Advisory Board. The mission of the Advisory Board is to occasionally, and when requested by the City Manager or City Commission, assist identifying and obtaining works of art to display in City owned parks, buildings and facilities. Art in public places enhances the diverse array of cultural and educational opportunities in Aventura.

The application deadline is Thursday, June 30, 2016. Applications may be obtained online at cityofaventura.com.

CodeRED Emergency Notification System

The City of Aventura launched CodeRED, an emergency notification system which allows the City to deliver critical messages and alerts to the community.

The CodeRED system serves as part of the City's emergency planning and communications outreach by using the system's capabilities to send telephone calls, text messages, emails, and social media posts. In an effort to effectively inform residents, businesses and visitors, the City anticipates using the system to notify those in specific geographic locations which may be subject to severe weather, etc.

No one should automatically assume their contact information exists in the CodeRED system, therefore all persons and businesses within Aventura limits are encouraged to visit cityofaventura.com/codered to register in the system.

Local Flooding Facts

Visit floodsmart.gov for more information.

Flooding is an act of nature that respects no boundary lines. In the City of Aventura, flooding is generally caused by heavy rainfall that occurs in short periods of time, as is common during summer thunderstorms, tropical storms and hurricanes. The City is vulnerable to flooding from storm water runoff and coastal storm surges. Due to this flood risk, the Federal Emergency Management Agency (FEMA) has designated most of the City as a Special Flood Hazard Area on the Flood Insurance Rate Map (FIRM). This map designates areas susceptible to the 100-year flood and for safety purposes, establishes minimum elevations for construction.

A 100-year flood is the equivalent of 10 or more inches of rain within 24 hours. A 100-year flood has a 1% chance of occurring in any given year. However, it can occur more than once in a given year or in successive years. The potential for loss and damage in the City of Aventura during a heavy storm or hurricane does exist. Residents and property owners should be aware of this potential risk and be prepared to deal with flooding when it occurs.

Why are floodplains essential?

Although flooding is a nuisance, floodplains are an essential part of the natural cycle in South Florida. The Everglades, which is one expansive floodplain, and the Biscayne Aquifer which lies underneath, are South Florida's only source of drinking water. They need large quantities of water to be replenished. Occasional floods are, and always have been, essential sources of fresh water to replenish the Biscayne Aquifer.

What is the City of Aventura's Floodplain Development Regulation?

Developers wishing to build in designated floodplain areas (including the City of Aventura) must use proper design techniques and structural requirements to ensure that new developments are flood proof. City officials must review all new developments in the City of Aventura to ensure the designs meet the Florida Building Code Floodplain Development Regulations in order to receive a permit for construction. The City has adopted Floodplain Development Regulations that require that all new construction have a lowest floor elevation 12" above the base flood elevation or 18" above the crown of the road, whichever is highest.

Before beginning a project, check with the City of Aventura Community Development Department for all codes and regulations that

apply to your property.

Do you know about Special Flood Hazard Area disclosure?

It is a requirement in Miami-Dade County that any purchase of improved real estate located in a **Special Flood Hazard Area or Coastal Flood Hazard Area include a full disclosure to the buyer that the property lies in either of those zones.** This requirement alerts potential buyers to the threat of flooding in the area, so they can make an informed purchasing decision.

Do improvements to your property in flood hazard areas meet regulations?

For properties located in Special Flood Hazard Areas, it is required that improvements to properties be done in a manner which meets the current Florida Building Code Floodplain Development Regulations.

This requirement applies to:

- ▶ Any structure which has incurred damage estimated at more than 50% of its market value.
- ▶ Any structure where improvements are planned where the cost of improvements is more than 50% of its market value.
- ▶ Any combination of the above two.

How do you protect yourself from flood?

When constructing a new or improved structure in a floodplain area, any combination of these methods may be employed to reduce the flooding potential. These methods must be approved by the City, and must not negatively impact surrounding properties.

- ▶ **RELOCATION:** Perhaps the only technique for completely preventing future flood damage. This method involves moving a house out of a flood area to a new location where there is no threat of flooding.
- ▶ **ELEVATION:** This method consists of raising a house on an elevated support structure to place it above future floodwaters.
- ▶ **LEVEES:** Also known as a berm, this is a method of creating a barrier of compacted soil to keep the water away from a property.
- ▶ **FLOODWALLS:** Similar to a levee, floodwalls are designed to keep the water away from the house but are constructed of permanent materials such as concrete.
- ▶ **CLOSURES:** Used in conjunction with other techniques such as floodwalls and levees,

closures provide protection for gaps that are open for frequent usage such as sidewalks and driveways.

Flood Mitigation Steps

Even if you are not doing major improvements to your property, there are steps you can take to make your property more floodproof, including:

- ▶ Grading your property to facilitate stormwater run-off.
- ▶ Elevating major appliances such as air-conditioning units and water heaters to prevent damage during flooding.
- ▶ Using flood-proofing materials such as paints and sealants.
- ▶ Checking sewer trap valves to prevent backup flooding.
- ▶ Cleaning gutters and storm drains around your property to permit free flow of water.
- ▶ Keeping a stockpile of sandbags and construction materials available.

Flood Insurance

One of the best ways to **protect your investment** is to insure it. Standard homeowners insurance and windstorm policies DO NOT cover losses from flooding (rising waters)! The Flood Disaster Protection Act of 1973 requires the purchase of flood insurance as a condition of receiving any federally related loan for purchase or construction of any building or mobile home located in any Special Flood Hazard Area.

The City of Aventura is a participant in the National Flood Insurance Program (NFIP), which is administered by the Federal Emergency Management Agency (FEMA). Federally guaranteed flood insurance is available to City residents in AE Flood Zones at a discount of 15% because of the City's participation. NFIP policies are sold through licensed insurance agents and companies. You should buy flood insurance before the storm season, as there is a 30-day waiting period before coverage takes effect.

Federal flood insurance can protect homes, businesses and belongings from damage caused by flooding, including:

- ▶ **STRUCTURAL ELEMENTS:** such as walls, floors, equipment and fixtures.
- ▶ **CONTENTS:** such as furniture, appliances and carpeting.
- ▶ **PERSONAL ITEMS:** such as clothing, stereos and televisions.

You do not have to live in a special flood hazard area or a Flood Insurance Rate Map (FIRM) designated flood zone to purchase flood insurance. In fact, if you live in a low risk area, you may be eligible for a low-cost preferred risk policy. Even if you rent, do not have a mortgage or do not live in a Special Flood Hazard Area, you should still purchase flood insurance!

Where and when will flood warnings be issued?

The Miami-Dade Office of Emergency Management and the National Weather Service issue flood, hurricane and severe weather warnings.

In case a hurricane threatens the Aventura area and a significant storm surge is anticipated, an evacuation order will be issued by the Mayor of Miami-Dade County. Should this occur, residents are encouraged to heed the order and evacuate. Should emergency assistance be needed once tropical storm force winds (39 mph or higher), police and fire may not be able to respond. Following a storm, residents may be confined to their residences due to standing water, debris from the storm, or other threats to safety that may exist.

Residents are encouraged to stay tuned to the local TV and radio stations for updates about storms, evacuation orders including the opening of shelters, and should evacuate as soon as an evacuation order is issued.

Keep Safe! Follow these Flood Safety Tips

These are important tips you can follow when flooding threatens, whether you are staying in your home or evacuating.

BEFORE THE FLOOD:

- ▶ Learn and practice the safest route from your home or business to high ground in case you must evacuate.
- ▶ Listen to local news for Evacuation Orders and shelter openings. Evacuate immediately

once an order is given.

- ▶ Turn off water, gas and electric service to your home and plug drains with large corks to prevent sewer backup.
- ▶ Keep a disaster kit on hand with a portable radio, flashlight, and emergency cooking equipment, drinking water, batteries, first aid supplies, money, canned foods and sturdy shoes.
- ▶ Develop and practice an emergency communication plan with your family. Designate an out-of-state friend or relative to serve as the "family contact".
- ▶ Fill your car with gas and move it to the highest point on your property.
- ▶ Flood-proof your home by utilizing the improvement and mitigation steps outlined in this article.
- ▶ Buy flood insurance to cover the value of your home and its contents.
- ▶ Take pictures or videos of your home and valuables and keep them in a safe, dry place with your insurance policy.

DURING THE FLOOD:

- ▶ Keep a battery-powered radio tuned to a local station for emergency information. Follow instructions for your area.
- ▶ Elevate valuables or move them to higher floors.
- ▶ Do not drive, walk or play in flooded areas. Strong currents, broken objects, wild animals and raw sewage pose serious health and safety threats. Wear sturdy shoes.
- ▶ Stay away from downed power lines. A downed power line in a puddle of water may electrify the entire puddle.

AFTER THE FLOOD:

- ▶ Before entering a building, check for structural damage.
- ▶ Inspect for fire, electrical or gas hazards and submerged appliances before turning utilities back on.
- ▶ If you smell gas in or around your home, call your utility supplier immediately.
- ▶ Use bottled water only, until tap water has been declared safe for consumption by officials.
- ▶ Dispose of everything, including food, that has come in contact with flood waters. The flood waters could be contaminated with raw sewage and poisonous chemicals.

Local flood zone information is located at the Northeast Dade - Aventura Branch (2930 NE 199 Street) of the Miami-Dade Public Library and at the City of Aventura's Community Development Department located at the Government Center (19200 West Country Club Drive). The Community Development Department can provide you with detailed information from the Flood Insurance Rate Maps (FIRM) including:

- ▶ Whether your property is located in a Special Flood Hazard Area.
- ▶ The community number.
- ▶ The panel number and suffix.
- ▶ The date of the FIRM's index.
- ▶ The FIRM zone.
- ▶ The base flood elevation.
- ▶ Flood protection information.
- ▶ Flood mitigation financial assistance program.

For surveyors, architects and engineers, the City has the latest form of elevation certificates available to you for completion.

For lenders, insurance agents and real estate agents, elevation certificates are kept on file for all buildings permitted by the City and are available for online viewing on the City's website, cityofaventura.com/flood.

For more information, or to receive a Flood Insurance Rate Map determination for your property, contact the Community Development Department at 305-466-8940.
