City of Aventura Expands Shuttle Bus Service and Routes

Aventura, Florida ...

Effective Monday, October 10, 2016, the City of Aventura's Aventura Express Shuttle Bus service will start one hour earlier and end one hour later on weekdays, and the seasonal Silver route returns to support peak bus ridership through April of 2017.

The Blue, Red, Green, Silver and Purple routes will start service at 6:45 AM, and the Yellow route will start at 7:45 AM, Monday – Friday. All routes will end their weekday service by 7:45 PM. Saturday shuttle bus service remains unchanged.

The updated service and routes aim to

- Expand hours of operation to facilitate passengers who need earlier and later transit times;
- Reduce trip time spent on each bus;
- Create a streamlined path that will serve the residential properties along NE 188 Street, Lehman Causeway, Turnberry Way, and Mystic Pointe Drive; and
- Generate additional stops at retail community and commercial destinations every day.

For real-time bus information and approximate arrival times to stops along every route, download the Aventura Express app and start tracking on any mobile device.

For more information, visit cityofaventura.com, or contact the Public Works/Transportation Department at 305-466-8970.
