# CITY OF AVENTURA

## OFFICE OF THE CITY MANAGER

### MEMORANDUM

TO: City Commission

FROM: Eric M. Soroka, ICMA-CM, City Manager 

DATE: February 4, 2011

SUBJECT: **NLC Prescription Discount Card Program**

---

The National League of Cities (NLC) has established a program for member cities to help their residents who are without health insurance or have limited prescription coverage. By using the NLC Prescription Discount Card, residents can save an average of 20% off the full retail cost of prescription medication. The program is administered for NLC by CVC Caremark and includes 60,000 participating pharmacies nationwide. The following pharmacies in the City participate in the program:

CVC Pharmacy  
Winn-Dixie Pharmacy  
Publix Pharmacy  
Walgreens Pharmacy

There is no cost for a city to participate in the program. The role of the City is to promote the program through the local media and the City web site, and to make the prescription discount cards available at locations throughout the City to those residents who might benefit from the program. Caremark provides the City with marketing materials as well as providing the City with customized prescription discount cards with the City name and logo. The discount card includes a toll-free customer support phone number for residents to call if they have questions about the program.

Each month, after the program is implemented, the City will receive a report from NLC with aggregate data on the total number of residents who used the City's discount card and the total and average savings to residents so that the City can see how the program directly benefits its residents.

It is recommended that the City participate in the program for the benefit of our residents.

# Join the NLC Prescription Discount Card Program

*It's all about meeting the needs of residents!*

**SAVE your residents an average of 20% off the retail price of prescription medication at no cost to the city.**

**Over One Million Dollars in savings to residents during the first year of the program.**

As a member of National League of Cities (NLC) you can offer your residents a **FREE** prescription discount card that provides average savings of 20% off the retail price of prescription medication. Now residents who are without health insurance or a traditional pharmacy benefit plan, or have prescriptions not covered by insurance have a solution to obtain medications at a discount.

There is **no cost to your city** to provide this program to city residents and it is very likely that you may save those residents more on the cost of prescriptions over the course of one year than the city's dues to NLC.

The city will be provided with approved marketing materials and tools to promote and launch the program. City residents can easily print an ID card and use program tools via a program web site. Printed ID cards and display materials (customized with the city name and logo) will be provided to give the city residents easy access to the program. Program materials are available in English and Spanish.

**One benefit of membership in the National League of Cities is that you can save your residents money at no cost to the city!**

## Frequently Asked Questions

### How much will residents save by using the discount card?

While savings on each prescription may vary, the NLC Prescription Discount Card Program saves an average of 20 percent off of the pharmacy's regular retail prices. The savings are validated monthly and annually.

### What if a pharmacy's price on particular prescription drugs is lower than the discount card price?

The program uses a "lower-of" pricing schedule so that residents are never disadvantaged by using the discount card. On occasion, a participating pharmacy may have a lower price on particular prescription drugs. If that occurs, residents will always pay the lowest price.

### Who pays the cost of the discount?

Pharmacies in the national discount network agree to absorb the cost of the discount. The benefit to the pharmacy of participating in the program is that it creates customer loyalty and increases store traffic.

### Does NLC or CVS Caremark share the personal information of residents using the discount card?

CVS Caremark does not give or share personally identifiable health information to manufacturers or direct marketers. CVS Caremark is fully compliant with all federal and state privacy and security regulations pertaining to the protection of protected health information and has a robust compliance program which monitors and enforces policy compliance. NLC neither receives nor shares personal information of residents.

### Does NLC or any participating city receive revenue from the program?

Neither NLC nor any participating city receives revenue for sponsoring the discount card program.

### Does the program provide a competitive advantage to CVS Pharmacies?

All major pharmacy chains and most local independent pharmacies, nearly 60,000 pharmacies nationwide, participate in the discount card network. Residents are not encouraged or incentivized to use CVS pharmacies over any other chain or independent pharmacy.

### Can the discount card be used with other prescription insurance benefits?

The program is not insurance; it is a prescription discount program. The card cannot be used to supplement insurance benefits. The card can be used for prescriptions not covered by an insurance plan.
