## A Commitment to Community Involvement

The City of Aventura's newsletter represents the City Commission's continued commitment to keep the community updated about important City government issues and services. This newsletter is published on a periodic basis and your comments and suggestions are welcome.

## Mission Statement

Our mission is to join with our community to make Aventura a city of the highest quality and a city of excellence. We do this by providing RESPONSIVE, COST EFFECTIVE and INNOVATIVE local government services.

## Pedestrian Crossing Beacons

### Tips for Drivers, Pedestrians and Bicyclists

Pedestrian Crossing Beacons are placed along Country Club Drives, which are traffic control devices used to stop road traffic and allow pedestrians to cross safely.

#### I'm a driver. What do I do?

**Always stop for pedestrians and bicyclists at crosswalks.**

1. Anticipate pedestrians crossing when approaching a Pedestrian Crossing Beacon.
2. Never pass another vehicle that has stopped or is slowing down at a crosswalk.
3. Always stop before the stop bar or "stop bar" pavement markings.
4. Never stop in or block a crosswalk.
5. Always stop for pedestrians entering or in a crosswalk.
6. Remain stopped for pedestrians regardless of activated beacons.
7. Wait for pedestrians to completely clear the crosswalk on your side of the road, and for anyone crossing into your lanes from the other direction.

#### I'm a pedestrian. What do I do?

**Press the button to activate the beacon signals; the lights will begin to flash indicating to motorists a pedestrian is ready to cross.**

1. Make eye contact with motorists to be sure traffic is yielding before entering the crosswalk.
2. Walk defensively, scanning both directions to be sure motorists see you.
3. Always scan the road while crossing making sure all vehicles have stopped.

## I'm a bicyclist. What do I do?

**Press the button to activate the beacon signals; the lights will begin to flash indicating to motorists a pedestrian is ready to cross.**

1. Obey all traffic signs and signals.
2. When using the crosswalk, follow the pedestrian rules.
3. When using the travel lane, ride in the direction of traffic and always yield to pedestrians.

## City's Charter High School Petition Help Support the City's School Application

The City of Aventura is in the process of preparing an application for a new charter high school in Aventura that would serve students in grades 9 – 12. As part of the planning process, the city is conducting a petition to gain community support.

This new charter high school would be provided by the City of Aventura in conjunction with a charter school management company, and would serve students from the City of Aventura.

Please visit **[cityofaventura.com](http://cityofaventura.com)** to complete the petition.

## Recreational Programs

### Aventura Summer Activities

A complete and balanced program of recreational classes are offered throughout the summer. Browse through the official catalog of classes online at [cityofaventura.com/ors](http://cityofaventura.com/ors). Registration is open.

Registration for Aventura **summer** activities is open.

### Summer Camps

#### June 13 - August 18

All camps are held Monday - Friday from 7:30 AM - 6 PM at the Community Recreation Center. Fees vary for weekly and full sessions as well as for residents and non-residents. Visit [cityofaventura.com](http://cityofaventura.com) for details or contact the City of Aventura Community Recreation Center located at 3375 NE 188 Street, 305-466-3883.

### Community Recreation Center Membership

Community Recreation Center members of all ages enjoy a variety of benefits including: the use of an indoor basketball court; a fitness room with a waterfront view; fun activities; and a variety of classes including free classes in yoga, bridge, body-sculpting, Mahjong, Zumba, and strength circuit.

**Community Recreation Center membership registration** is accepted in person only at the Community Recreation Center, Founders Park or Waterways Park. For details about becoming a member, visit [cityofaventura.com](http://cityofaventura.com).

## Sports Programs

### Private Sports and Wellness Coaching

Private lessons are available for all ages at Founders Park and Waterways Park to improve game of fitness level with coaches that focus on the whole athlete.

### Tennis

Founders Park is the place for tennis. The City offers the following classes: Mommy and Me Tennis for ages 3-4, 10 & Under Tennis for ages 5-10, and Junior Tennis for ages 8-12.

Private lessons are available for all ages. An hour of customized

1-on-1 instruction is a great way to learn all the basics at the player's own pace before joining a group lesson.

### Youth Sports

The sports season starts in the fall with sports starting as early as August. Children ages 5-14 are offered the opportunity to participate in a variety of recreational **seasonal sports leagues** including basketball, girls soccer, boys soccer, and the Aventura Little League (for ages 4-14).

**After-school sports leagues** are also available and are designed with a convenient time slot allowing players to enjoy sports activity right after their regular school day ends, as opposed to regular seasonal league schedules which include varying times and days including weekends.

**Travel Soccer and Travel Basketball** leagues have been added to Youth Sports programming, which allow players to compete in games and tournaments throughout the state of Florida.

The complete Youth Sports 2017-18 season schedule, fees and information will be available exclusively online at [cityofaventura.com/ors](http://cityofaventura.com/ors), the City's Online Registration System (ORS), as fall approaches. Be sure to check the ORS periodically over the summer.

# CITY OF AVENTURA SUMMER CAMP

# Police Department

## Bryan Pegues Sworn In as New Police Chief

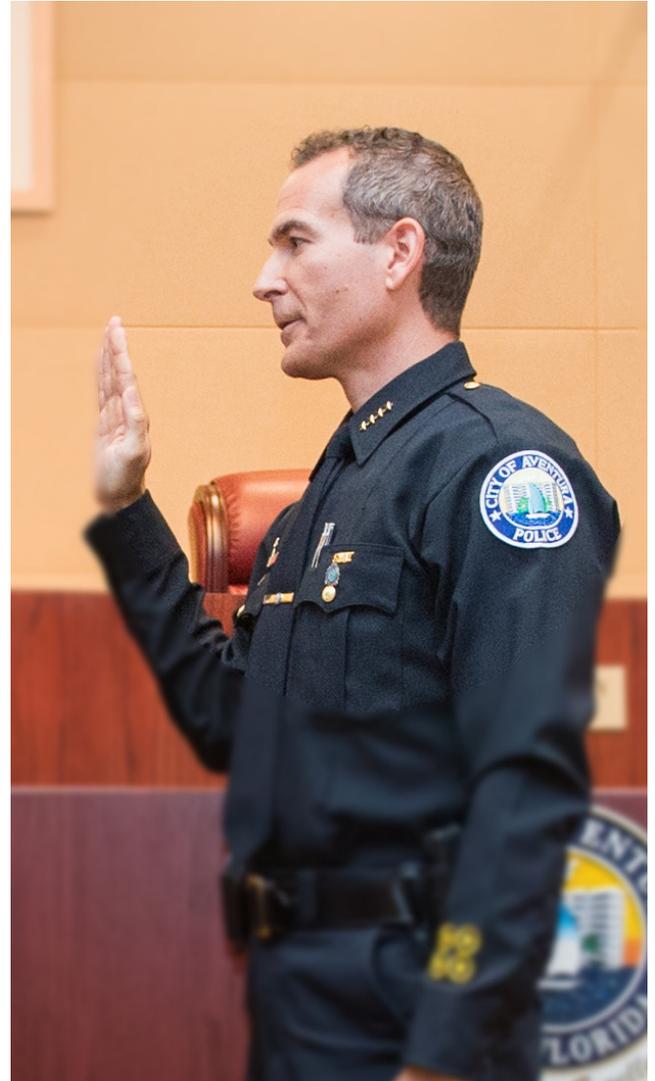

### Former Chief Steinberg Retires

On May 15, 2017, Bryan Pegues was sworn in as the City's new Police Chief in front of an overflowing crowd of well wishers at the Aventura Commission Chambers. "Through his efforts and experience, I am confident that he will be an effective leader and maintain the high standards of service that our citizen's expect from our police department" said Eric M. Soroka who appointed Pegues to the position.

Pegues has been with the Aventura Police Department since 1997 and has served as a Sergeant, Lieutenant, Captain and Major. He has been in law enforcement for over 21 years and holds a Bachelor of Science from the University of South Florida. He is a graduate of both the prestigious FBI National Academy and the Southern Police Institute.

Steven Steinberg, who served as Aventura's second Police Chief succeeding Tom Ribel for ten years, retired on May 14, 2017. With his leadership and vision, the City of Aventura's Police Department continues to be one of the finest agencies in the State. He will be missed; however, he will never be forgotten because of the strong foundation he and his dedicated staff have built for others to follow.

Congratulations to both Steinberg and Pegues!

Make it a safe ride!

## CodeRED Emergency Notification System

### Be Informed During an Emergency

CodeRED, is the City of Aventura's emergency notification system which allows the City to deliver critical messages and alerts to the community.

The CodeRED system serves as part of the City's emergency planning and communications outreach by using the system's capabilities to send telephone calls, text messages, and emails. In an effort to effectively inform residents, businesses and visitors, the City anticipates using the system to notify those in specific geographic locations which may be subject to severe weather, etc.

No one should automatically assume their contact information exists in the CodeRED system, therefore all persons and businesses within Aventura limits are encouraged to visit [cityofaventura.com/codered](http://cityofaventura.com/codered) to register in the system.

Feeling the sting of mosquitoes?  
Then it's time to **drain and cover.**

**DRAIN**

**Drain standing water.**

Drain water from garbage cans, house gutters, pool covers, coolers, toys, flower pots or any other containers where sprinkler or rain water has collected.

#### **DISCARD:**

old tires, drums, bottles, cans, pots and pans, broken appliances and other items that aren't being used.

#### **EMPTY AND CLEAN:**

birdbaths and pets' water bowls at least once or twice a week.

#### **PROTECT:**

boats and vehicles from rain with tarps that don't accumulate water.

#### **MAINTAIN:**

the water balance (pool chemistry) of swimming pools. Empty plastic swimming pools when not in use.

---

**Stop mosquitoes from living and multiplying around your home or business.**

# Local Flooding Facts

Visit [floodsmart.gov](http://floodsmart.gov) for more information.

Flooding is an act of nature that respects no boundary lines. In the City of Aventura, flooding is generally caused by heavy rainfall that occurs in short periods of time, as is common during summer thunderstorms, tropical storms and hurricanes. The City is vulnerable to flooding from storm water runoff and coastal storm surges. Due to this flood risk, the Federal Emergency Management Agency (FEMA) has designated most of the City as a Special Flood Hazard Area on the Flood Insurance Rate Map (FIRM). This map designates areas susceptible to the 100-year flood and for safety purposes, establishes minimum elevations for construction.

A 100-year flood is the equivalent of 10 or more inches of rain within 24 hours. A 100-year flood has a 1% chance of occurring in any given year. However, it can occur more than once in a given year or in successive years. The potential for loss and damage in the City of Aventura during a heavy storm or hurricane does exist. Residents and property owners should be aware of this potential risk and be prepared to deal with flooding when it occurs.

## Why are floodplains essential?

Although flooding is a nuisance, floodplains are an essential part of the natural cycle in South Florida. The Everglades, which is one expansive floodplain, and the Biscayne Aquifer which lies underneath, are South Florida's only source of drinking water. They need large quantities of water to be replenished. Occasional floods are, and always have been, essential sources of fresh water to replenish the Biscayne Aquifer.

## What is the City of Aventura's Floodplain Development Regulation?

Developers wishing to build in designated floodplain areas (including the City of Aventura) must use proper design techniques and structural requirements to ensure that new developments are flood proof. City officials must review all new developments in the City of Aventura to ensure the designs meet the Florida Building Code Floodplain Development Regulations in order to receive a permit for construction. The City has adopted Floodplain Development Regulations that require that all new construction have a lowest floor elevation 12" above the base flood elevation or 18" above the crown of the road, whichever is highest.

**Before beginning a project, check with the City of Aventura Community Development Department for all codes and regulations that apply to your property.**

## Do you know about Special Flood Hazard Area disclosure?

It is a requirement in Miami-Dade County that any purchase of improved real estate located in a **Special Flood Hazard Area or Coastal Flood Hazard Area include a full disclosure to the buyer that the property lies in either of those zones.** This requirement alerts potential buyers to the threat of flooding in the area, so they can make an informed purchasing decision.

## Do improvements to your property in flood hazard areas meet regulations?

For properties located in Special Flood Hazard Areas, it is required that improvements to properties be done in a manner which meets the current Florida Building Code Floodplain Development Regulations.

This requirement applies to:

- ▶ Any structure which has incurred damage estimated at more than 50% of its market value.
- ▶ Any structure where improvements are planned where the cost of improvements is more than 50% of its market value.
- ▶ Any combination of the above two.

## How do you protect yourself from flood?

When constructing a new or improved structure in a floodplain area, any combination of these methods may be employed to reduce the flooding potential. These methods must be approved by the City, and must not negatively impact surrounding properties.

- ▶ **RELOCATION:** Perhaps the only technique for completely preventing future flood damage. This method involves moving a house out of a flood area to a new location where there is no threat of flooding.
- ▶ **ELEVATION:** This method consists of raising a house on an elevated support structure to place it above future floodwaters.
- ▶ **LEVEES:** Also known as a berm, this is a method of creating a barrier of compacted soil to keep the water away from a property.
- ▶ **FLOODWALLS:** Similar to a levee, floodwalls are designed to keep the water away from the house but are constructed of permanent materials such as concrete.
- ▶ **CLOSURES:** Used in conjunction with other techniques such as floodwalls and levees, closures provide protection for gaps that are open for frequent usage such as sidewalks and

driveways.

## Flood Mitigation Steps

Even if you are not doing major improvements to your property, there are steps you can take to make your property more floodproof, including:

- ▶ Grading your property to facilitate stormwater run-off.
- ▶ Elevating major appliances such as air-conditioning units and water heaters to prevent damage during flooding.
- ▶ Using flood-proofing materials such as paints and sealants.
- ▶ Checking sewer trap valves to prevent backup flooding.
- ▶ Cleaning gutters and storm drains around your property to permit free flow of water.
- ▶ Keeping a stockpile of sandbags and construction materials available.

## Protect Your Home with Flood Insurance

One of the best ways to **protect your investment** is to insure it. Standard homeowners insurance and windstorm policies **DO NOT** cover losses from flooding (rising waters)! The Flood Disaster Protection Act of 1973 requires the purchase of flood insurance as a condition of receiving any federally related loan for purchase or construction of any building or mobile home located in any Special Flood Hazard Area.

The City of Aventura is a participant in the National Flood Insurance Program (NFIP), which is administered by the Federal Emergency Management Agency (FEMA). Federally guaranteed flood insurance is available to City residents in AE Flood Zones at a discount of 15% because of the City's participation. NFIP policies are sold through licensed insurance agents and companies. You should buy flood insurance before the storm season, as there is a 30-day waiting period before coverage takes effect.

Federal flood insurance can protect homes, businesses and belongings from damage caused by flooding, including:

- ▶ **STRUCTURAL ELEMENTS:** such as walls, floors, equipment and fixtures.
- ▶ **CONTENTS:** such as furniture, appliances and carpeting.
- ▶ **PERSONAL ITEMS:** such as clothing, stereos and televisions.

You do not have to live in a special flood hazard area or a Flood Insurance Rate Map (FIRM) designated flood zone to purchase flood insurance. In fact, if you live in a low risk area, you may be eligible for a low-cost preferred risk policy. Even if you rent, do not have a mortgage or do not live in a Special Flood Hazard Area, you should still purchase flood insurance!

### Where and when will flood warnings be issued?

The Miami-Dade Office of Emergency Management and the National Weather Service issue flood, hurricane and severe weather warnings.

In case a hurricane threatens the Aventura area and a significant storm surge is anticipated, an evacuation order will be issued by the Mayor of Miami-Dade County. Should this occur, residents are encouraged to heed the order and evacuate. Should emergency assistance be needed once tropical storm force winds (39 mph or higher), police and fire may not be able to respond. Following a storm, residents may be confined to their residences due to standing water, debris from the storm, or other threats to safety that may exist.

Residents are encouraged to stay tuned to the local TV and radio stations for updates about storms, evacuation orders including the opening of shelters, and should evacuate as soon as an evacuation order is issued.

### TV Stations

WLYF: 101.5 FM  
WAQI: 710 AM (Spanish)  
WCMQ: 92.3 FM (Spanish)

### Keep Safe! Follow these Flood Safety Tips

These are important tips you can follow when flooding threatens, whether you are staying in your home or evacuating.

#### BEFORE THE FLOOD:

- ▶ Learn and practice the safest route from your home or business to high ground in case you must evacuate.
- ▶ Listen to local news for Evacuation Orders and shelter openings. Evacuate immediately

once an order is given.

- ▶ Turn off water, gas and electric service to your home and plug drains with large corks to prevent sewer backup.
- ▶ Keep a disaster kit on hand with a portable radio, flashlight, and emergency cooking equipment, drinking water, batteries, first aid supplies, money, canned foods and sturdy shoes.
- ▶ Develop and practice an emergency communication plan with your family. Designate an out-of-state friend or relative to serve as the "family contact".
- ▶ Fill your car with gas and move it to the highest point on your property.
- ▶ Flood-proof your home by utilizing the improvement and mitigation steps outlined in this article.
- ▶ Buy flood insurance to cover the value of your home and its contents.
- ▶ Take pictures or videos of your home and valuables and keep them in a safe, dry place with your insurance policy.

#### DURING THE FLOOD:

- ▶ Keep a battery-powered radio tuned to a local station for emergency information. Follow instructions for your area.
- ▶ Elevate valuables or move them to higher floors.
- ▶ Do not drive, walk or play in flooded areas. Strong currents, broken objects, wild animals and raw sewage pose serious health and safety threats. Wear sturdy shoes.
- ▶ Stay away from downed power lines. A downed power line in a puddle of water may electrify the entire puddle.

#### AFTER THE FLOOD:

- ▶ Before entering a building, check for structural damage.
- ▶ Inspect for fire, electrical or gas hazards and submerged appliances before turning utilities back on.
- ▶ If you smell gas in or around your home, call your utility supplier immediately.
- ▶ Use bottled water only, until tap water has been declared safe for consumption by officials.
- ▶ Dispose of everything, including food, that has come in contact with flood waters. The flood waters could be contaminated with raw sewage and poisonous chemicals.

Local flood zone information is located at the Northeast Dade - Aventura Branch (2930 NE 199 Street) of the Miami-Dade Public Library and at the City of Aventura's Community Development Department located at the Government Center (19200 West Country Club Drive). The Community Development Department can provide you with detailed information from the Flood Insurance Rate Maps (FIRM) including:

- ▶ Whether your property is located in a Special Flood Hazard Area.
- ▶ The community number.
- ▶ The panel number and suffix.
- ▶ The date of the FIRM's index.
- ▶ The FIRM zone.
- ▶ The base flood elevation.
- ▶ Flood protection information.
- ▶ Flood mitigation financial assistance program.

For surveyors, architects and engineers, the City has the latest form of elevation certificates available to you for completion.

For lenders, insurance agents and real estate agents, elevation certificates are kept on file for all buildings permitted by the City and are available for online viewing on the City's website, [cityofaventura.com/flood](http://cityofaventura.com/flood).

For more information, or to receive a Flood Insurance Rate Map determination for your property, contact the Community Development Department at 305-466-8940.
