RE: 2016/17 Budget Message

Members of the City Commission:

In accordance with Article IV, Section 4.05 of the Charter of the City of Aventura, I hereby submit the proposed Operating and Capital Budget for all funds for the fiscal year beginning October 1, 2016, for your review and consideration. The budget document emphasizes a professional and conservative fiscal approach and represents the single most important report presented to the City Commission. It is primarily intended to establish an action, operational, and financial plan for the delivery of City services. It also represents the City's commitment to providing the highest level of City services to maximize the quality of life for its citizens, businesses and visitors. The proposed budget provides the resources to maintain our quality municipal services and facilities that make Aventura a premier community to live, work and play. This document serves as an aid to the residents in providing a better understanding of the City's operating and fiscal programs.

Budget Format/Transparency

This single budget document, which includes all City Funds and service programs, has been prepared to provide the public with a comprehensive and transparent overview of all City services and financial framework. A separate budget document for the Charter School is adopted by the City in May of each year. In order to further our efforts to inform our residents how revenue is collected and spent on city services, a new page was added to the City's Website last year that provides great depth into the City's budget by utilizing easy to view charts and graphs. Users can track budget performance throughout the year and compare data to prior years.

The budget is a performance based plan that links goals and objectives with the financial resources necessary to achieve them. In order to ensure that goals and objectives established in the budget planning process are translated into results, the resources allocation process is tied to performance. The budget document contains performance/workload indicators to facilitate this process. Every effort was made to provide a budget document that can be fully reviewed and justified to the City Commission and residents.

The preparation of the budget document marks a continued commitment to a planned and professional process of developing a budget that will address both current and future issues facing the City. It also demonstrates the City's commitment to providing adequate service levels and the necessary justification to support all expenditure requests.

2016/17 Budget Priorities/Goals

The budget continues to support the following goals/priorities that the City Commission adopted to focus on over the next few years:

1. Continue to explore alternate transportation modes to alleviate traffic and support pedestrian and bicycle friendly initiatives. Collaborate with NE Miami-Dade Cities to review traffic issues.
2. Monitor and participate in regional efforts to address the impact of rising sea level.
3. Create opportunities for greater community engagement.
4. Ensure that redevelopment projects that require land use/zoning revisions do not have a negative impact on the community.

As you know, the City Commission and Administration have made progress on many of the items on the above list. This budget includes funding to specifically address goals 1, 2 and 3. Additional funding has been set aside to increase the shuttle bus starting and ending times and add a route to provide service during peak times during the year. The goal is to increase ridership and reduce vehicle traffic. The City has received a grant to prepare a master plan to identify and promote the City's pedestrian and bicycle routes. Also, the budget includes operating costs for the new City-wide bike share program that offers a way to expand the City's transportation options and alleviate traffic. The Capital Outlay portion of the budget contains \$1,619,000 for drainage improvements including a phase II of the update to the City's Stormwater Master Plan that will also study long-term impacts of the rising sea level on the overall drainage system. The budget continues expanded special events for the enjoyment of our residents and families including Movie Nights in the park and the Arts and Jazz Festival.

The following represents the pre-established priorities and goals that provided a framework for the preparation of the 2016/17 Budget Plan.

- ✓ Maintain current service levels and programs.
- ✓ Increase police staffing to address service needs and workload requirements.
- ✓ Provide funding for the operating costs associated with opening the new park on NE 188th Street.
- ✓ Implement the reorganization plan to create a new Public Works/Transportation Department.
- ✓ Address drainage infrastructure improvements in areas subject to flash flooding and the long range impacts of climate change.
- ✓ Provide funding to maintain landscaped areas, City facilities and the City's infrastructure to continue to provide a high quality maintenance program.
- ✓ Continue to adopt "Go Green" initiatives, including the first phase of retrofitting the street lights to LED fixtures, in order to save energy, conserve precious natural resources and reduce our impact on climate change.
- ✓ Continue to utilize technology to improve productivity and lower costs of providing services.

- ✓ No additional debt by implementing and funding the “pay-as-you-go” Capital Improvement Program to address the City’s infrastructure needs.

Significant Factors

Strong fiscal policies and prudent budgeting have enabled the City to maintain the lowest tax rate in the County while providing high-quality services to our residents. The City experienced an 8.9% increase in property values over the prior year. The new construction assessed values rose by \$271 million over the prior year. Recent developments such as the Park Square Aventura mixed use project, Publix Shopping Center redevelopment, 3 new office buildings and the expansion of the Aventura Mall will insure that this trend continues in the near future. For the 21st year in the row the budget does not include a tax rate increase. In addition, General Fund reserve funds were not utilized to balance the budget and no additional debt is proposed.

The budget process produced a total budget of \$58,386,179 or 8.3% less than the previous year. A large number of one time capital projects were completed in the prior year which resulted in the decrease. Capital Outlay expenditures are budgeted at \$3,728,225 and decreased by \$7,025,449 compared to the prior year. Projects included range from drainage improvements to road resurfacing and the commitment to invest in state-of-the-art technology to serve and protect our residents. Maintaining our infrastructure from government buildings to our park facilities continues to be a major funding priority to protect these assets.

The budget includes a reorganization plan that creates a new Public Works/Transportation Department by transferring some functions and services previously provided by the Community Services Department and City Manager’s Office. A new Department Director position was created to lead this department. This plan will provide the framework to meet the future needs of the City and address the expansion of public transportation and protection of our infrastructure.

Operating costs increased by \$1,259,794 or 3.8% as compared to the previous year. The budget maintains our current level for all City services except funding for the following areas:

- Building Inspection and Review costs were increased to response to the upswing in building activity.
- Shuttle bus costs increased by \$275,000 to fund expanding the starting and ending times and adding a route to provide service during peak times during the year.
- Funds were included for the operating costs associated with opening the new park on NE 188th Street.
- Added 2 positions in the Police Department. One is a Detective position to address increased workload demands associated with investigating identity theft. The other new position is a Police Officer to assist with expediting the hiring process for vacant police officer positions.

The model of privatizing many service areas of the City’s operations over the years has served the City well and has allowed for a more cost effective service delivery system as compared to the traditional government structure.

Summary of All Budgetary Funds

The total proposed budget for 2016/17, including all funds, capital outlay and debt service, is \$58,386,179. This is \$5,255,959 or 8.3% less as compared to the prior year. Operating expenditures total \$34,563,207, while Capital Outlay expenditures total \$21,268,291 and Debt Service expenditures total \$2,554,681.

GENERAL FUND

The General Fund is used to account for resources and expenditures that are available for the City's general operations of City government functions.

Revenues

The revenues, available for allocation in the 2016/17 fiscal year General Fund Budget, including inter-fund transfers, are anticipated to be \$53,548,115. This is an increase of \$323,452 or 0.6% as compared to last year.

Locally Levied Taxes – The City's assessed value as reported by the County Property Appraiser Department is \$9,901,694,244. This amount is 8.9% or \$806,732,142 more than last year. The new construction value was \$271,050,987. The ad valorem millage levy for fiscal year 2016/17 is recommended to be 1.7261, which is the same rate adopted last year. This will generate \$16,236,750 compared to last year's amount of \$14,913,874. This represents the 21st consecutive year without an increase. The budget includes \$4,532,000 from electric utility taxes and anticipated utility taxes for water and gas and the unified communications tax make up the remainder of this category and are based on historical data and the number of residential and commercial establishments located in the City.

Licenses and Permits – The amount for this revenue category is projected to be \$236,100 more than the prior year based on anticipated increases in franchise fees and building

permits revenues. The budget includes \$1,825,000 from FPL franchise fees based on the Interlocal Agreement with the County and \$2,250,000 for building permits.

Intergovernmental Revenues – Total revenues for this category are projected to increase by \$228,321 as compared to the amount budgeted for the prior year due to anticipated higher Sales Tax and State Revenue.

Charges For Services – Revenues relating to charges for services are anticipated to be \$40,000 more than the prior year's budget. The majority of the increase is attributed to revenue generated from development review fees and police service agreement payments.

Fines and Forfeitures – Total revenues projected for 2016/17 is \$1,054,000. Revenues from county court fines and intersection safety violations are included in this category.

Miscellaneous Revenues – Projected revenues are anticipated to be \$280,000. This is an increase of \$75,000 compared to the amount budgeted for the prior fiscal year.

Fund Balance – This represents a designated amount of funds accumulated in reserves. The amount utilized from the fund balance is \$16,405,561.

Non-Revenues – Due to the reduction of revenues anticipated from the E911 Fund the transfer to the General Fund was deleted.

Expenditures

The estimated 2016/17 General Fund expenditures contained within this budget total \$53,548,115 and are balanced with the projected revenues. Total expenditures are \$323,452 or 0.6% more than the 2015/16 fiscal year amount. The operating expenditures have increased by \$960,758 or 3.1% as compared to the prior year.

Personal Services

Personal Services increased by \$593,325 or 2.8% compared to the prior year. The increase includes a 5% or \$113,000 increase in Health Insurance costs associated with changes associated with the Federal Health Care law and experience modifications. The expenditures for non-unionized employees have been budgeted to reflect a 3% cost of living adjustment and a performance/merit increase amount that averages 3% per employee. The Collective Bargaining Agreement for PBA members expires at the end of this fiscal year and is currently being re-negotiated. The total number of full-time employees is 178 compared to 176 in 2015/16 fiscal year. The total number of part-time employees remains at 13.

Other personnel changes contained in the budget are as follows:

- **Police Department** – Added a Detective position to address increased workload demands associated with investigating identity theft. Added a Police Officer position to assist with expediting the hiring process for vacant police officer positions. Deleted the Crime Analyst position based on utilizing new software and assigning responsibilities to specific units and/or employees.
- **Public Works/Transportation Department** – The creation of this new department provides for the transfers of 4.5 positions from the Community Services Department, transfer of the Capital Project Manager from the Office of the City Manager and the establishment of a new Department Director position.

The per capita number of employees is significantly lower than adjacent municipalities. This is due to the City's emphasis on privatizing major functions of City services for greater productivity and cost savings. I am proud to work with a dedicated group of City employees that strive to provide excellent services and are committed to our community. Over the years they have proven that our work force can meet any challenge.

Operating Expenses

The expenditures for contractual services are budgeted at \$5,294,750 or 9.9% of the General Fund budget. This is \$375,068 more than the prior year. This can be attributed to increases in building inspection services generated by building activity, maintenance cost increases and the costs associated with supporting increased activity at the Arts & Cultural Center. Expenditures for other charges and services are budgeted at \$4,367,333, which represents 8.2% of the total budget. This category increased by \$112,365 due primarily to shifting costs associated with the E911 system previously appearing in the E911 Fund to the General Fund Police Department and increased costs associated with software maintenance. Expenditures for commodities are budgeted at \$568,800 which represents 1.1% of the total budget. Total costs associated with other operating expenses are budgeted at \$196,035 which represents .4% of the total budget.

Capital Outlay

General Fund projects included in the first year of the City's five year Capital Improvement Program (CIP) for 2016-2021 represent a long-term plan to address infrastructure maintenance needs. A total of \$2,701,225 has been budgeted in the General Fund for Capital Outlay projects along with a \$16,575,911 reserve to fund future projects.

Major General Fund capital outlay items are as follows:

Seawall Improvements \$1,280,500	Equipment \$448,150
Police Vehicles \$387,000	Computer Equipment \$341,175
Park Improvements \$185,000	Radio Equipment \$50,000
Beautification Projects \$9,400	

Transfer to Funds

Transfers to the debt service funds to pay principal and interest payments associated with the long-term financing of bonds and loans is \$2,208,101 which is an increase of \$7,193 as compared to the prior year. The transfer also includes \$100,000 from the Traffic Safety Program to the Charter School Fund.

Police Education Fund

This Fund is used to account for revenues and expenditures associated with the two dollars (\$2.00) the City receives from each paid traffic citation, which, by state statute, must be used to further the education of the City's Police Officers. A total of \$6,000 is anticipated in revenue for 2016/17. The amount budgeted for expenditures will be used for various state-approved training programs throughout the year.

Transportation and Street Maintenance Fund

This fund was established to account for restricted revenues and expenditures which by State Statute and County Transit System Surtax Ordinance are designated for transportation enhancements, street maintenance and construction costs. Revenues are projected to be \$2,626,000 for 2016/17. The County Transit System Surtax is estimated to generate \$1,433,000. The funds will be used to provide expanded transit system services, street light improvements for NE 30th Place and begin the process of retrofitting street lights to LED, and fund road resurfacing projects (NE 209th Street, NE 27th Avenue and NE 28st Court). Operating expenditures for maintenance are budgeted at \$613,527 and \$40,000 has been allocated for the operating costs associated with the new City-Wide Bicycle Sharing Program.

911 Fund

This fund is used to account for revenues and expenditures specifically earmarked for the City's emergency 911 system in accordance with Florida Statute 365.172. The funds may be used to provide emergency dispatch systems, training, communication, maintenance and repairs and related capital outlay purchases. The fund offsets a portion of the emergency 911 operational costs. The anticipated revenues for 2016/17 are \$94,000, down \$117,542 from the previous year due to many residents giving up their home land lines. Funds will be used to pay costs associated with the 911 system.

Debt Service Funds

These funds were established to account for revenues transferred from the General Fund and debt service payment expenditures associated with the long-term financing of the following bonds and loans:

2010 & 2011 Debt Service Fund – Established for the purchase of Founders Park, the permanent Government Center site and construction of the Government Center. The original debt issued in 1999 was refinanced in 2010 and 2011. The proposed budget for 2016/17 is \$1,197,175.

2000 Loan Debt Service Fund – Established for the construction of the Community Recreation Center and the acquisition of Waterways Park. The proposed budget for 2016/17 is \$506,384.

2012 (A) Loan Debt Service Fund – Established for the acquisition of the property for the Charter School and to partially fund the Community Recreation Center. The proposed budget for 2016/17 is \$404,542. The original debt issued in 2002 was refinanced in 2012.

2012 (B) Loan Debt Service Fund – Established for the construction and equipment of the Charter Elementary School. The proposed budget for 2016/17 is \$446,580. The original debt issued in 2002 was refinanced in 2012.

The total budget for all Debt Service Funds is \$2,554,443 and is \$462 less than the previous year.

Capital Projects Fund

This fund was established to account for impact fees and other revenues specifically earmarked for capital projects restricted by City Ordinances or City Commission policy. The total fund for 2016/17 is \$123,680. The majority of the revenues are carryover amounts from the impact fees from new development. The funds have been set aside in the Capital Reserve line item for future projects.

Stormwater Utility Fund

This fund is used to account for revenues and expenditures specifically earmarked for the construction and maintenance of the City's stormwater drainage system. The maintenance costs total \$601,802. Capital improvements to the drainage system are budgeted in the amount of \$339,00 which also includes funding for phase II of the Storm Water Master Plan update to review long term impacts of rising sea levels. A reserve account to assist in funding future projects was established in the amount of \$301,002. Revenues are projected to be \$1,240,804 for 2016/17. It is recommended that the current rate of \$2.50/ERU be increased to \$3.50/ERU to fund future capital projects. The fee has not been increased in eighteen years.

Police Offduty Services Fund

This Fund was established to account for revenues and expenditures associated with services provided by offduty Police Officers in private customer details to the various businesses and condominium associations. The proposed Police Services Offduty Fund for 2016/17 is anticipated to be \$400,000.

Summary

I am pleased to submit the detailed budget contained herein for fiscal year 2016/17. The preparation and formulation of this document could not have been accomplished without the assistance and dedicated efforts of all Department Directors and the Finance Director. I am also extremely grateful to the City Commission for the continued support in assuring that this City remains the City of Excellence. A Commission Meeting will be held on July 21, 2016 to review in detail the proposed budget document.

Respectfully submitted,

Eric M. Soroka

Our Mission Statement

Our mission is to join with our community to make Aventura a city of the highest quality and a city of excellence. We do this by providing **RESPONSIVE, COST EFFECTIVE AND INNOVATIVE** local government services.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Aventura
Florida**

For the Fiscal Year Beginning

October 1, 2015

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to **City of Aventura, Florida** for its annual budget for the fiscal year beginning **October 1, 2015**. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

INTRODUCTION

Overview

Location and Size

Aventura, one of Miami-Dade's newest communities, was incorporated in 1995 and is a young, vibrant, full-service municipality with a diverse demographic base and is recognized internationally as a premier location in which to live, shop and play.

Aventura is 3.2 square miles located on the Intracoastal Waterway in northeast Miami-Dade County and is conveniently located between Miami and Fort Lauderdale, just east of I-95.

The northern boundary of the City is the Miami-Dade/Broward County line, the western is the FEC Railroad, the eastern is the Intracoastal waterway and the southern boundary is NE 176th Street.

Aventura is an upscale condo community with some of South Florida's best-known large-scale condominium projects and apartment buildings. Restaurants, movie theaters and the Aventura Mall are conveniently located nearby and downtown Fort Lauderdale and Miami are just 20 minutes away.

City Facts

- Location: 12 miles north of Miami
12 miles south of Fort Lauderdale
1 mile west of the Atlantic Ocean
- Zip Codes: 33180, 33160
- Police Force: 84 Sworn Officers and 40 Civilians
- Major Economic Drivers: Retail, medical
- Number of Businesses: 2,580

Government Structure

The form of government used in the City of Aventura, pursuant to its Charter, is a Commission-Manager form of government. Under this form of government the City Commission is the legislative branch of the government and the City Manager is the executive branch of the government. The City Commission enacts Ordinances, the laws of the City, adopts Resolutions authorizing actions on behalf of the City, reviews plans for development and establishes the policies by which the City is governed. The City Manager is the Chief Executive Officer of the City, overseeing the day-to-day operations, administering the City's service providers, preparing long range plans and implementing the policies established by the City Commission.

The City Commission hires the City Attorney, City Clerk and City Manager who then hires all subordinate employees.

The City Commission is comprised of seven (7) members, including the Mayor and six (6) Commissioners.

The Mayor is the ceremonial leader of the City, the presiding officer at Commission Meetings and is a voting member of the Commission, with his/her vote having no more or less weight than that of any other member of the Commission. While the leading political figure of the City, the Mayor does not bear the responsibility nor has the authority of directing the day-to-day municipal activities. The Mayor executes all Ordinances, Resolutions and issues Proclamations on behalf of the City, and represents the City to other public and private entities. The position of Mayor is considered to be "part-time" and not an employee of the City. The Mayor is elected at large to a four-year term, and may reside in any area of the City.

City Commissioners each have the same authority and ability to bring, discuss and vote on matters before the Commission. The position of Commissioner is considered to be "part-time" and not an employee of the City.

For election purposes, the City is divided by the William Lehman Causeway into two (2) areas. The City Charter requires that two (2) Commissioners reside in the northern area, and two (2) Commissioners reside in the southern area, and two (2) Commissioners and the Mayor shall be elected without regard to residence in any particular area.

The City Commission is committed to providing quality municipal services at the lowest possible cost. The City's operating departments include the Office of the City Manager, City Clerk's Office, Legal, Community Development, Community Services, Public Work/Transportation, Finance, Information Technology, Charter School, Arts & Cultural Center and Public Safety.

Always progressing...

Since the City's incorporation, millions of dollars have been spent on infrastructure improvements including streets, sidewalks, lighting, park development, beautification projects, drainage, pedestrian and safety improvements. Some of these improvements include:

- A state-of-the-art Government Center provides a one-stop-shop for its residents and houses all governmental operations, including Commission Chambers, Police Station and administrative offices.
- A Community/Recreation Center situated on 2.8 acres of land in a park like setting on the waterfront. This 25,000 square foot facility includes a gym, meeting rooms, computer lab, exercise and aerobic facilities.
- The first municipal-run charter school in Miami-Dade County. In order to address the growing number of families with school age children, the City Commission chose to take an aggressive approach to meet its changing demographics. Doors opened to the Aventura City of Excellence School in the fall of 2003 which is adjacent to the new Community Recreation Center. The 84,000 square foot state-of-the-art school serves 1,020 Aventura schoolchildren from kindergarten to 8th grade.
- In 2010, the City's Arts & Cultural Center opened and has provided numerous performing arts and cultural events for all age groups in the community.

Privatization of Services

The following services are contracted to private contractors or vendors via performance contracts:

- Building Plans Review & Inspections
- Road, ROW, Park & Median Maintenance
- Engineering Services
- City Attorney and Legal Services

- Recreation Programming & Special Events
- Arts & Cultural Center Operations
- Solid Waste
- Shuttle Bus Service
- Charter School Teachers and Educational program
- Planning Services

Incorporation Accomplishments

- ❖ Highly Visible Police Department, Low Crime Rate

- ❖ Reduced Costs to Citizens – City's Assumption of roads, landscaping and bus service.
- ❖ "A" rated Charter School
- ❖ Community Recreation Center
- ❖ Government Center
- ❖ Arts & Cultural Center

Long Term Goals & Objectives

On November 7, 1995, the citizens of Aventura overwhelmingly voted to approve the City's Charter and officially incorporate as Miami-Dade County's 28th municipality. Incorporation afforded residents the opportunity to improve the quality of government services they receive and take control of the City's destiny. Since incorporation, a great deal of progress has been made to accomplish the goals of

incorporation with the creation of our own police force, new and expanded parks and recreation opportunities and citywide beautification projects. Aventura is governed by a commission-manager form of government, combining the political leadership of its elected officials with the executive experience of its City Manager. This structure is vastly different from that of other local governments, emulating the private sector by privatizing services and emphasizing customer service based on the following principles:

- Prompt response to citizen requests.
- One-stop service for permits and business licenses.
- Commitment to public involvement.
- Utilization of "Electronic Government" to provide service and information.
- Commitment to hiring only the most qualified and highly motivated employees.
- Limiting the number of employees by privatizing or contracting with the private sector for many services.
- A professional, businesslike manner at all times.
- An emphasis on quality not quantity.
- A high quality of life for citizens, businesses and visitors.
- A safe and secure environment to live and work.
- Low taxes.
- Establishing a small number of operating departments that work closely with the community.

Budget Procedures and Process

Budget System

The City of Aventura uses the Budgeting by Objectives Process in the formulation of its budget. Departmental Budgets include a Recap page that contains the Department Description and Personnel Allocation Summary and Organization Chart. Each department also includes an Objectives page and a Budgetary Account Summary. The Objectives page presents a review of the department objectives and performance/workload indicators. The Budgetary Account Summary provides expenditure detail and a comparison of current and previous year's expenditures. The Budgetary Process is intended to be very valuable in communicating with the Commission and citizens of the City.

Budget Process

The City's fiscal year shall begin on October 1st and end on September 30th of each year as mandated by Florida statutes. When the certified taxable real estate and tangible property values for the City is received from the Miami-Dade County Property Appraiser on July 1st of each year, the City Manager then submits to the City Commission the Proposed Operating and Capital Budget for the coming year no later than July 10th of each fiscal year. The preliminary millage rate is based on the certified taxable value. The appropriations contained in the proposed recommendation shall not exceed the funds derived from taxation and other revenue sources.

The City's Budget process began in April with a staff meeting between the City Manager and Department Directors to review budget philosophy and develop overall goals and objectives. The entire budget process encompasses approximately five (5) months of the fiscal year. During this period, meetings

were held with Department Directors, the City Commission and the public to insure representative input. The budget calendar that follows details the actions taken during the budget process.

Budget Adoption

The budget is approved via Ordinance at two public meetings scheduled for September conducted by the City Commission. The adopted budget is integrated into the accounting software system effective October 1st.

Budget Control/Monitoring

Funds appropriated in the Budget may be expended by and with the approval of the City Manager in accordance with the provisions of the City Charter and applicable law. Funds of the City shall be expended in accordance with the appropriations provided in the Budget and shall constitute an appropriation of the amounts specified therein. Supplemental appropriations or the reduction of appropriations, if any, shall be made in accordance with Section 4.07 of the City Charter.

The Budget establishes a limitation on expenditures by department total. Said limitation requires that the total sum allocated to each department for operating and capital expenses may not be increased or decreased without specific authorization by a duly-enacted Resolution/Ordinance affecting such amendment or transfer. Therefore, the City Manager may authorize transfers from one individual line item account to another, so long as the line item accounts are within the same department and fund.

The "Personnel Allocation Summary" enumerates all authorized budgeted positions. However, the City Manager may amend said authorized budgeted positions in order to address the operating needs of the department so long as sufficient budgeted funds are available.

The budget is monitored on a monthly basis to track variances between actual and budgeted amounts. Significant variances are investigated and monitored for corrective action. Quarterly review meetings are held with the Finance Director and City Manager.

Encumbrances do not constitute expenditures or liabilities in the current year, but instead are defined as commitments related to unperformed contracts for goods or services, which are only reported in governmental funds.

Budget Amendment

Upon the passage and adoption of the budget for the City of Aventura, if the City Manager determines that the department total will exceed its original appropriation, the City Manager is authorized to prepare such Resolutions/Ordinances for consideration by the City Commission as may be necessary and proper to modify any line item from the Budget.

The Budget Amendment Process will differ as to form depending on whether or not the original budget appropriation is exceeded as follows:

- Any change or amendment to the budget that will increase the original total appropriated amount can only be accomplished with the preparation of an Ordinance requiring two (2) public hearings and approval by the City Commission.
- Any change or amendment to the budget which transfers monies within a fund but does not increase the total appropriated amount can be accomplished with the preparation of a Resolution. This does not require a public hearing, however, approval by the City Commission is still necessary.

Basis of Accounting

Basis of Accounting refers to the time period when revenues and expenditures are recognized in the accounts and reported on the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accrual basis of accounting is followed for the proprietary fund types. The modified accrual basis of accounting is followed in the governmental fund types and the expendable trust funds type. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, that is, when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures are generally recognized under the modified accrual accounting when the related fund liability is incurred. Exceptions to the general rule are principal and interest on general long-term debt which is recognized when due.

The City applies all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board (FASB) statements and interpretations, Accounting Principles Board (APB) opinions and Accounting Research Bulletins (ARBs).

During June 1999, the Government Accounting Standards Board (GASB) issued Statement No. 34. This statement established new accounting and financial reporting standards for state and local governments. The City implemented the new financial reporting requirements of GASB 34.

Fund Structure

The accounts of the City are organized and operated on the basis of funds and account groups. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with the finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. Account groups are a reporting device to account for certain assets and liabilities of the governmental funds not recorded directly in those funds. The following governmental funds have annual appropriated budgets:

Government Fund Types

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund. Resources are derived primarily from taxes, franchise and utility taxes, charges for services, and intergovernmental revenues. Expenditures are incurred to provide general government, public safety, community development and community services.

Special Revenue Funds account for revenue sources that are legally restricted to expenditures of specific purposes (excluding pension trusts and major capital projects). Included in the budget are the following special revenue funds:

- Police Education (110)
- Transportation & Street Maintenance (120)
- 911 (180)

The *Debt Service Funds* account for the servicing of general long-term and are comprised of the following debt service funds:

- 2010 & 2011 Loan Debt Service (230)
- 2000 Loan Debt Service (240)
- 2012 (A) Loan Debt Service (250)

- 2012 (B) Loan Debt Service (290)

The *Capital Projects Funds* accounts for the acquisition and/or construction of major capital projects funded by impact fees or other revenues earmarked for specific projects. Included in the budget is the following Capital Projects Fund:

- Capital Projects Fund (392)

Proprietary Funds

The *Enterprise Fund* is used to account for operations that are financed and operated in a manner similar to a commercial enterprise, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the governing body has decided that periodic determination of the revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. Included in the budget is the following Enterprise Fund:

- Stormwater Utility (410)

Funds Excluded from Adopted Budget

The City owns and operates a Charter School which is accounted for in a separate Special Revenue fund. The School operates on a fiscal year basis ending June 30th. Since the fund was created under a Charter from the School Board it is adopted separately by the City Commission in June.

Financial Policies

The City's financial policies, compiled below, set forth the basic framework for the overall fiscal management of the City. Operating independently of changing circumstances and conditions, these policies assist the decision-making process of the City Manager and City Commission. These policies provide guidelines for evaluating both current activities and proposals for future programs.

Most of the policies represent long-standing principles; traditions and practices that have guided the City in the past and have helped maintain financial stability over the last 10 years. They are reviewed annually as a decision making tool and to ensure their continued relevance in an ever-changing environment.

Operating Budget Policies

1. The City will maintain at a minimum, an accessible cash reserve equivalent to eight (8) weeks of operating costs.
2. No new or expanded services shall be implemented without a corresponding revenue source or the implementation of trade-offs of expenses or revenues at the same time. This applies to personnel, equipment and any other peripheral expenses associated with the service.
3. The City shall continue to support a scheduled level of maintenance and replacement of its infrastructure.
4. The City shall support capital expenditures that reduce future operating costs.

Capital Budget Policies

1. Annually, the City will prepare a five-year capital improvement program (CIP) analyzing all anticipated capital expenditures and identifying associated funding sources. Future capital expenditures necessitated by changes in population, changes in development, growth, redevelopment or changes in

economic base will be calculated and included in the Capital update process.

2. The City will perform all capital improvements in accordance with an adopted capital improvement program. The City will maintain its physical assets at a level adequate to protect the City's capital investment and minimize future maintenance and replacement costs. The budget will provide for the adequate maintenance and the orderly replacement of the capital equipment from current revenues wherever possible.
3. The City will provide sufficient funds to replace and upgrade equipment as well as to take advantage of new technology thereby ensuring that employees have safe and efficient tools to provide their service. It reflects a commitment to further automation and use of available technology to improve productivity in the City's work force. The objective for upgrading and replacing equipment includes: (1) normal replacement as equipment completes its useful life, (2) upgrades to new technology, and (3) additional equipment necessary to service the needs of the Charter School.
4. The City will use the following criterion to evaluate the relative merit of each capital project. Capital expenditures will foster goals of:
 1. Projects specifically included in an approved replacement schedule.
 2. Projects that reduce the cost of operations.
 3. Projects that significantly improve safety and reduce risk exposure.
5. The classification of items as capital or operating will be determined by two (2) criteria - cost and frequency. Generally, a capital project has a "useful life" of more than one (1) year and a value of \$5,000 or more.
6. The City will coordinate development of the capital improvement program with the development of the operating

budget. Future operating costs associated with new capital improvements will be projected and included in the operating forecasts.

7. The first year of the five-year capital improvement program will be used as the basis for formal fiscal year appropriations during the annual budget process.
8. The City will maintain all of its assets at a level adequate to protect the City's capital investment and to minimize future maintenance and replacement costs.
9. The City will identify the estimated cost of capital projects and prepare a funding projection that considers revenues and operating costs to be included in the Capital Improvement Program document that is submitted to the City Commission for approval.
10. The City will determine the most appropriate financing method for all new projects.
11. If appropriate, the City will attempt to maintain a mixed policy of pay-as-you-go and borrowing against future revenues for financing capital projects.
12. The City will maintain ongoing maintenance schedules relating to road, sidewalk and drainage system improvements.
13. The City will address and prioritize infrastructure needs on the basis of protecting the health, safety and welfare of the community.
14. A CIP preparation calendar shall be established and adhered to.
15. Capital projects will conform to the City's Comprehensive Plan.
16. Long-term borrowing will not be used to fund current operations or normal maintenance.
17. The City will strive to maintain an unreserved General Fund balance at a level not less than 10% of the annual General Fund revenue.

18. If new project appropriation needs are identified at an interim period during the fiscal year, the funding sources will be identified and mid-year budget amendments will be utilized to provide formal budgetary authority. In addition budget amendments may be utilized to increase appropriations for specific capital projects.

Revenue Policies

1. The City will attempt to maintain a diversified and stable revenue system as a shelter from short-run fluctuations in any single revenue source.
2. The City will attempt to obtain new revenue sources as a way of ensuring a balanced budget.
3. The City will review fees/charges annually and will design or modify revenue systems to include provisions that automatically allow charges to grow at a rate that keeps pace with the cost of providing the service.

Cash Management/Investment Policies

In accordance with Section 218.415, F.S., on June 2, 2009 and on July 8, 2014, the City Commission adopted and re-adopted respectively, by Resolution, Chapter 6.6 of the Administrative Policy Directives and Procedures Manual, entitled "Investment Objectives and Parameters" as the City's Investment Policy for the Management of Public Funds. The underlying objective of the policy is to properly manage and diversify the City's investments to ensure:

1. Safety of Capital
2. Liquidity of Funds
3. Investment Income

The purpose of this policy is to set forth the investment objectives and parameters for the management of public funds of the City. These policies are designed to ensure the prudent management of public funds, the availability of operating and capital funds when needed and a competitive investment return.

This investment policy applies to the investment of public funds in excess of amounts needed to meet current expenses, which includes cash and investment balances of City funds.

A Complete list of the City's investment categories may be found in "Appendix A" entitled Authorized Investment Summary Table.

Fund Balance Policies

The City hereby establishes and will classify reservations of General Fund, Fund Balance, as defined herein, in accordance with Governmental Accounting and Financial Standards Board Statement No. 54 *Fund Balance Reporting and Governmental Fund Type Definitions*. This policy shall primarily apply to the City's General Fund. Fund Balance shall be composed of nonspendable, restricted, committed, assigned and unassigned amounts.

Fund Balance information is primarily used to identify the available resources to repay long-term debt, fund capital improvements, stabilize property tax rates, or enhance the City's financial position, in accordance with policies established by the City Commission.

Fund Balance Definitions and Classifications

Fund Balance – refers to the difference between assets and liabilities reported in a governmental fund. Listed below are the various Fund Balance categories (*in order from most to least restrictive*).

Fund Balance – Nonspendable

Includes amounts that are not in a spendable form (e.g., inventory) or are required, either legally or contractually, to be maintained intact (e.g., principal of an endowment fund). Examples include:

- Inventory
- Prepaid Expenditures
- Long-Term Portion of Receivables
- Corpus of a Permanent Fund

The City hereby establishes the following Nonspendable Fund Balance Reserves in the General Fund:

a) Inventory Reserve

The Inventory Fund Balance Reserve is established to indicate those amounts relating to inventories that are not in a spendable form.

b) Prepaid Expenditures

The Prepaid Expenditures Fund Balance Reserve is established to indicate those amounts relating to prepaid expenditures that are not in a spendable form.

Fund Balance – Restricted

Includes amounts that can be spent only for the specific purposes stipulated by external resource providers (e.g., creditors, grant providers, contributors or laws or regulations of other governmental entities), constitutionally, or through enabling legislation (that is, legislation that creates a new revenue source and restricts its use). Effectively, restrictions may be changed or lifted only with the consent of resource providers and when they are legally enforceable.

Fund Balance – Committed

Includes amounts that can be used only for the specific purposes as established by the adoption of this policy and the annual budget ordinance by the City Commission. Commitments can only be removed or changed by taking the same action that originally established the commitment (e.g., an ordinance).

Committed Fund Balance remains binding unless removed in the same manner in which it was established. The action to impose the limitation on resources needs to occur prior to the close of the fiscal year, although the exact amount may be determined subsequently. Contractual obligations should be incorporated to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual obligations. Encumbrances may be reported as committed.

The City hereby establishes the following Committed Fund Balance Reserves in the General Fund:

a) Capital Reserve

The Capital Fund Balance Reserve is committed by the City Commission as set forth in the annual budget ordinance (and any amendments thereto) to be utilized in future years to fund various capital needs.

b) Hurricane/Emergency Recovery Operating Reserve

The Hurricane/Emergency Recovery Operating Fund Balance Reserve is to be maintained by the City Manager at a minimum level of \$5,000,000 for the purposes of responding to and providing relief and recovery efforts to ensure the maintenance of services to the public during hurricane/emergency situations. Such emergencies include, but are not limited to hurricanes, tropical storms, flooding, terrorist activity and other natural or man-made disasters. Additional funds may be appropriated when necessary via a budget amendment ordinance. This Reserve may not necessarily be established in the annual budget. In the event these funds are utilized, they should be replenished in order to prepare for possible future events. The City will make every effort to replenish this reserve over a five-year period beginning with the completion of recovery from the event for which the reserve funds were used.

Fund Balance – Assigned

Includes amounts that the City intends to use for a specific purposes or projects as authorized by the City Manager. In governmental funds other than the General Fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund. An appropriation of existing fund balance to eliminate a projected budgetary deficit in the subsequent year's budget in an amount no greater than the projected excess of expected

expenditures over expected revenues satisfies the criteria to be classified as an assignment of fund balance. Encumbrances resulting from issuing purchase orders as a result of normal purchasing activities approved by appropriate officials may be reported as assigned.

Fund Balance – Unassigned

Unassigned fund balance for the General Fund includes all amounts not contained in the other classifications. Unassigned amounts are the portion of fund balance which is not obligated or specifically designated and are generally available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund. Positive unassigned amounts will be reported only in the General Fund. The Minimum Level of Unassigned Fund Balance of the General Fund, at the beginning of each fiscal year, shall not be less than 10% of the annual General Fund revenue. In any fiscal year where the City is unable to maintain this 10% minimum reservation of fund balance as required in this section, the City shall not budget any amounts of unassigned fund balance for the purpose of balancing the budget. In addition, the City Manager will make every effort to reestablish the minimum Unassigned Fund Balance in a 24 – 36 month period beginning with the year from which the reserve funds fell below the 10% threshold.

Spending Order of Fund Balance

The City uses restricted amounts to be spent first when both the restricted and unrestricted fund balance is available unless there are legal documents/contract that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the restricted fund balance classification could be used. Open encumbrances at the end of the fiscal year may only be classified as committed or assigned, depending on at what

level of authorization originally established them.

Annual Review and Determination of Fund Balance Reserve Amounts

The City Manager shall issue a report on an annual basis to the City Commission outlining compliance with the fund balance policy

Accounting, Auditing, and Financial Reporting Policies

An independent audit will be performed annually. The City will produce annual financial reports in accordance with Generally Accepted Accounting Principles (GAAP) as outlined by the Governmental Accounting Standards Board (GASB).

Financing Programs and Debt Administration

The City currently has four (4) outstanding long-term debt issues. At September 30, 2015, the principal balance outstanding totaled \$23,805,000.

2010 & 2011 Debt Service Fund 230

Due to a very favorable interest rate environment, in September of 2010, the City issued a partial advance refunding of the original Series 1999 Revenue Bonds with a Bank Loan (described below) that resulted in a more than \$1.1M NPV savings over the life of the loan. The remaining portion of the original Series 1999 Revenue Bonds was refunded in February of 2011 and resulted in a nearly \$530,000 NPV savings over the life of its loan.

The Series 2010 Revenue Bonds are bank qualified debt, secured solely by a covenant to budget and appropriate the required debt service payments each year. This loan is structured the same as a serial bond issue with principal payments due on April 1st and semi-annual interest payments due on April 1st and October 1st of each year with the final maturity on April 1, 2029. Debt service requirements average approximately \$751,000 per year over the 19-year life of the

obligation. The interest rate is locked at 3.42%.

The Series 2011 Revenue Bonds are bank qualified debt, secured solely by a covenant to budget and appropriate the required debt service payments each year. This loan is structured the same as a serial bond issue with principal payments due on April 1st and semi-annual interest payments due on April 1st and October 1st of each year with the final maturity on April 1, 2029. Debt service requirements average approximately \$406,000 per year over the 19-year life of the obligation. The interest rate is locked at 3.64%.

2000 Loan Debt Service Fund 240

The Series 2000 Revenue Bonds are bank qualified debt, secured solely by a covenant to budget and appropriate the required debt service payments each year. This loan is structured the same as a serial bond issue with principal payments due on October 1st and semi-annual interest payments due on April 1st and October 1st of each year with the final maturity on October 1, 2020. Debt service requirements average approximately \$535,000 per year over the 20-year life of the obligation. The interest rate is locked at 5.04%.

2012 (A) Loan Debt Service Fund 250 & 2012 (B) Loan Debt Service Fund 290

Due to a very favorable interest rate environment, in June of 2012, the City refunded the original Series 2002 Revenue Bonds with a Bank Loan (described below) that resulted in a more than \$2.5M NPV savings over the life of the loan.

The Series 2012 Revenue Bonds are bank qualified debt, secured solely by a covenant to budget and appropriate the required debt service payments each year. This loan is structured the same as a serial bond issue with principal payments due on August 1st and semi-annual interest payments due on February 1st and August 1st of each year with the final maturity on August 1, 2027. Debt service requirements average approximately

\$368,000 and \$411,000 for Debt Service Funds 250 and 290, respectively per year over the 15-year life of the obligation. The interest rate is locked at 2.180%.

Debt Policy and Administration

The City has established an informal policy regarding the utilization and management of debt instruments. Debt is used for a variety of purposes. The principal use of debt by the City has been for making capital expenditures. This informal policy was formed to establish criterion and procedures for the issuance of debt financing by the City. This Debt Policy supports the commitment of the City Commission, management, staff and other decision makers to adhere to the sound financial management practices including full and timely repayment of all borrowings and achieving the lowest possible cost of capital.

1. General

- a) The City will analyze all funding alternatives in order to minimize the impact of debt structures on the taxpayers.
- b) The City may utilize debt to refinance current debt or for the acquisition, construction or remodeling of capital improvement projects that cannot be funded from current revenue sources or in such cases wherein it is more equitable to the user of the project to finance the project over its useful life.

2. Debt Structure

The City may consider the use of credit enhancements (letters of credit, bond insurance, surety bonds, etc.) when such credit enhancements process cost effective.

3. Issuance of Obligations

- a) The City may retain an independent financial advisor for advice on debt structuring and marketing debt issuances.

- b) The City may also retain independent bond counsel and disclosure counsel for legal and procedural advice on all debt issuances.
- c) As necessary, the City may retain other service advisors, such as trustees, underwriters and pricing advisors.
- d) Any process utilized to select professional service providers in connection with the City's debt program shall be in conformance with City purchasing policies, procedures and requirements.

4. Maturity of the Debt

Bonds will generally not have more than thirty (30) year duration.

5. Payment of Debt

Pre-authorized electronic payments are utilized to ensure that all debt related payments are made and received in a timely manner.

Although the City Charter makes no reference to limitations in establishing debt, the City has limited its borrowing to prudent levels that are able to be satisfied with existing revenue and cash flow projections. The City utilizes debt financing on large expenditures for capital projects or purchases that may be depreciated over their useful lives. By using debt financing, the cost of the expenditure is amortized over its useful life allowing the expenditure to be matched against revenue streams from those receiving the benefits.

When establishing debt, there are a number of factors that must be considered in the process. These factors include the long-term needs of the City and the amount of resources available to repay the debt. There are different ways for a City to achieve debt financing. The City may obtain a bank loan, issue special revenue bonds or ask the residents to approve a ballot item authorizing the issuance of general obligation bonds. The Commission considers

the asset's useful life and current economic conditions, to determine the appropriate financing instrument.

Cash Management

Pooled Cash

The City maintains a pooled cash account for all funds, enabling the City to invest large amounts of idle cash for short periods of time and to optimize earnings potential. Cash and cash equivalents represents the amount owned by each City fund. Interest earned on pooled cash and investments is allocated monthly based on cash balances of the respective funds. Investments are reported at their fair value based on quoted market prices as reported by recognized security exchanges.

Investment Categories

Cash, Cash Equivalents and Investments

This investment category consists of cash and short-term investments with original maturities of three (3) months or less when purchased, includes cash on hand, demand deposits and investments with the Florida SBA Pool.

Operating Account

The City's operating funds are currently in a Full Analysis Business Checking Account which earns credit against our analysis charges. At March 31, 2016, the Pool was covered based on the bank's required collateral amounts with the Florida Pool.

Florida SBA Pool ("Florida Prime")

Florida Prime is a 2a7-like pool and the value of the City's position is the same as the value of the pool shares and is recorded at amortized cost.

Investments under Management

In May of 2009 the City contracted with an Investment Manager to manage a portion of the City's investment portfolio in accordance with our Investment Objectives and Parameters Policy. The City utilizes a 3rd-Party Custodian for all of the City's investments under the direction of our Investment Manager.

Risk Management

The City is insured with the Florida Municipal Insurance Trust for liability, property and workers' compensation coverage. The liability limit under the policy is \$5,000,000.

REVENUE PROJECTION RATIONALE

LOCALLY LEVIED TAXES

3111000 Ad Valorem Taxes Current – Ad Valorem or property taxes are authorized by Chapter 166, Florida Statutes. The Florida Constitution limits local governments to a maximum of 10 mills of Ad Valorem taxation. The amount of revenue is based on the tax rate multiplied by the assessed value of the City which is provided by the County Property Appraiser. The amount is then budgeted at 95% of its gross value to allow for prompt payment discounts and other adjustments in accordance with Florida Statutes. The City's assessed value as reported by the Property Appraiser is \$9,901,694,244. This amount is 8.9% or \$806,732,142 higher than last year. The ad valorem millage levy for fiscal year 2016/17 is recommended to be 1.7261, which is the same rate adopted last year. This will generate \$16,236,750 compared to last year's amount of \$14,913,874. This represents the twenty-first year without an increase.

City Tax Rate History:

1995/96 to 2006/07 – 2.2270
2007/08 to present – 1.7261

3112000 Ad Valorem Taxes Delinquent – This revenue source is derived by those taxpayers who do not pay their taxes by March 31 of any given year. On average the total revenue received in this category is minimal when compared to the total Ad Valorem taxes collected.

3141000 Utility Tax-Electric – Section 166.231(1)(A), Florida Statutes, authorizes a city to collect Public Service or Utility Taxes. Miami-Dade County previously established by Ordinance utility taxes for unincorporated areas in the amount of 10% on electricity. The City enacted Ordinance 96-03 which mirrored the County's utility tax levies. The projection is based on actual collections for the past two fiscal years.

3143000 Utility Tax-Water – Section 166.231(1) (A), Florida Statutes, authorizes a City to collect Public Service or Utility Taxes. Miami-Dade County previously established by Ordinance utility taxes for unincorporated areas in the amount of 10% on water. The City enacted Ordinance 96-03 which mirrored the County's utility tax levies. The projection is based on actual collections for the past two fiscal years.

3144000 Utility Tax-Gas – Section 166.231(1) (A), Florida Statutes, authorizes a City to collect Public Service or Utility Taxes. Miami-Dade County previously established by Ordinance utility taxes for unincorporated areas in the amount of 10% on gas and oil. The City enacted Ordinance 96-03 which mirrored the County's utility tax levies. The projection is based on actual collections for the past two fiscal years.

3149000 Unified Communications Tax – Effective October 1, 2001, the Unified Communications Tax replaced municipal utility taxes and franchise fees on all telecommunication, cable and other communication services. The projection is based on anticipated actual collections for the past fiscal year.

3161000 City Business Tax – Pursuant to Chapter 205, Florida Statutes, the City has adopted an ordinance imposing a business tax for the privilege of engaging in or managing any business, profession or occupation within the City. The amount budgeted is based on anticipated collections in the 2015/16 fiscal year.

LICENSES AND PERMITS

3221000 Building Permits – Permits must be issued to any individual or business that performs construction work within the corporate limits of the City. These permits are issued for construction, such as plumbing, electrical, structural, mechanical, etc. The fees are set by City Ordinance. The projection includes an increase based on actual collections in the 2015/16 fiscal year and anticipated building activity.

3231000 Franchise Fee-Electric – A city may charge electric companies for the use of its rights-of-way per Florida Statutes 166.021 and 337.401. Miami-Dade County currently has an agreement with FPL covering the area now incorporated as Aventura, as well as the current unincorporated areas of the County. The County Commission, via an interlocal agreement, has agreed to share these revenues with Aventura. The amount projected is based on anticipated collections compared to the actual amount collected for the 2015/16 fiscal year.

32134000 Franchise Fee-Gas – A city may charge gas companies for the use of its rights-of-way per Florida Statutes 166.021 and 337.401. It is standard practice to enact a 6% fee on gross revenues. The amount projected is based on historical collections.

3237100 Franchise Fee-Sanitation – The City issues solid waste franchises to the private sector for all areas of the City. In addition a fee of 10% was adopted for the private companies to utilize the City's rights-of-way. The amount projected is based on historical collections.

3238000 Franchise Fee-Towing – The City awarded a franchise agreement for towing services within our corporate limits during the 2011/12 fiscal year. The amount is based on that agreement.

3291000 Engineering Permits – This fee is representative of the costs associated with regulatory review of the installation of utilities, paving, drainage and right-of-way renovation/excavation by the City staff. The amount budgeted is based on actual collections in the 2015/16 fiscal year and expectations for next year.

INTERGOVERNMENTAL REVENUES

3344901 Maintenance Agreement Payment – Funds provided by FDOT to maintain Medians and Rights of Way along Biscayne Boulevard.

3351200 State Revenue Sharing – Revenues received in this category represent base cigarette tax and 8th cent motor fuel tax which are levied by the State. The portion which comes from cigarette tax of approximately 71% of the total is deposited to the General Fund. The remainder is deposited to the Transportation and Street Maintenance Fund. The amount budgeted is based on actual collections in the current fiscal year.

3351500 Alcoholic Beverage License – Various alcoholic beverage license taxes are levied on manufacturers, distributors, vendors and sales agents of alcoholic beverages in the State. The tax is collected by the State and distributed back to the City. The City's share is approximately 38% of the proceeds of the tax collected within the City.

3351800 Half Cent Sales Tax – This revenue source represents one half of the revenue generated by the additional 1% sales tax which is distributed to counties and cities based on a per capita formula. The amount budgeted is based on actual collections for the current fiscal year which includes an increase compared to the prior year.

3382000 County Business Tax – All businesses in the City must have pay a County Business Tax in addition to the City's Business Tax to operate a business within the County's corporate limits. A portion of the County's revenues are remitted to the City.

CHARGES FOR SERVICES

3421300 Police Services Agreement – This amount represents the amount to be paid by Aventura Mall for an increased level of services. The amount represents the cost of the City providing officers pursuant to agreement renegotiated in 2010.

3425000 Development Review Fees – These are fees charged to developers for costs associated with the interdepartmental review of new development proposals such as site plans and plats.

3471000 Recreation/Cultural Events – This is the amount paid by City residents to participate in various trips and events sponsored by the City. The revenues are offset by an expenditure account in the Community Services Department.

3472000 Parks & Recreation Fees – This includes non-resident fees for entering the park and user fees associated with the various programs at Founders Park and Waterways Park.

3472500 Community Center Fees – This represents membership fees and user fees charged for the various programs provided at the Community Recreation Center.

3475000 Summer Recreation – This represents fees charged for participants in the City's Summer Recreation Program.

3476001 Arts & Cultural Center Fees and Rentals – This represents anticipated revenue from rental fees, sponsors and the summer performing arts camp.

FINES & FORFEITURES

3511000 County Court Fines – The City receives a portion of the revenues resulting from traffic enforcement activities within its corporate limits. The projection is based on actual revenues for the period.

3541000 Code Violation Fines – Revenues in this category are generated when the owner of property within the City's corporate limits violates a City code.

3542000 Intersection Safety Camera Program – Revenues generated from the Traffic Safety Camera Program. Projection is based on historical data.

MISC. REVENUES

3611000 Interest Earnings – Investment practices are maintained to allow for 100% of available funds to be invested at all times. Determining factors in forecasting revenue for this line item are the anticipated interest rate and pooled dollars available for investment.

3699000 Miscellaneous Revenues – Any other revenues not otherwise classified.

NON – REVENUE

3999000 Carryover – This amount is derived by a comparison of all of the anticipated revenues for the current period to all of the anticipated expenditures for the current period. The amount budgeted represents the total needed to fund anticipated future capital projects and to balance the revenues with projected expenditures.

REVENUE PROJECTION RATIONALE

3351200 State Revenue Sharing – Revenue received in this category represents a portion of the total State Revenue Sharing Funds. Their source is the motor fuel tax and is restricted to road construction and maintenance. Based on information from the State, it is anticipated that \$295,000 will be received in the upcoming fiscal year.

3353001/3010 Local Option Gas Tax – The County has adopted two phases of the local option gas tax. The first phase is six cents per gallon on fuel and is collected by the State's Department of Revenue and remitted monthly based on a formula which provides a weight of 75% to population and 25% to center line mileage in each city. These funds must be used for transportation related expenditures. The second phase must be used for transportation expenditures needed to meet the requirements of the capital improvements elements of an adopted comprehensive plan.

3383801 County Transit System Surtax – County voters approved a 1/2 percent sales tax increase for transportation needs that went into effect January 2003. As provided by County Ordinance the cities receive 20% of the proceeds based upon population. Based on information provided by the County it is anticipated that \$1,433,000 will be received for the fiscal year.

EXPENDITURE JUSTIFICATIONS

3450 Landscape/Tree Maintenance/Streets – Provides for costs associated with contracting tree, landscape, irrigation and flower maintenance services for all public right-of-ways and medians.

3455 Enhanced Transit Services – Funds will be used to fund required 20% of County Transit System Surtax for enhanced public bus transportation system beyond levels set in the 2001/02 budget and to fund the expanded transit service routes. Additional funding has been provided to address the following:

- Increase starting and ending service times by 1 hour in the am and pm, Monday to Friday.
- Expand and continue the new Silver route.

City-Wide Bicycle Sharing Program Operating Expenses – This funds the estimated annual operating costs associated with the new Bicycle Sharing program.

6305 Road Resurfacing – This project consists of resurfacing NE 27th Avenue, NE 28th Court between NE 185th and NE 187th, NE 30th Avenue and NE 209th Street as part of the City's ongoing maintenance program.

6307 Streetlight Improvements – Provides funding for NE 30th Place Street lights north of NE 207th Street and the first phase of retrofitting the street lights with LED fixtures.

Due to a very favorable interest rate environment, in September of 2010, the City issued a partial advance refunding of the original Series 1999 Revenue Bonds with a Bank Loan (described below) that resulted in a more than \$1.1M NPV savings over the life of the loan. The remaining portion of the original Series 1999 Revenue Bonds was refunded in February of 2011 and resulted in a nearly \$530,000 NPV savings over the life of its loan.

The Series 2010 Revenue Bonds are bank qualified debt, secured solely by a covenant to budget and appropriate the required debt service payments each year. This loan is structured the same as a serial bond issue with principal payments due on April 1st and semi-annual interest payments due on April 1st and October 1st of each year with the final maturity on April 1, 2029. Debt service requirements average approximately \$775,000 per year over the 19-year life of the obligation. The interest rate is locked at 3.42%.

The Series 2011 Revenue Bonds are bank qualified debt, secured solely by a covenant to budget and appropriate the required debt service payments each year. This loan is structured the same as a serial bond issue with principal payments due on April 1st and semi-annual interest payments due on April 1st and October 1st of each year with the final maturity on April 1, 2029. Debt service requirements average approximately \$427,000 per year over the 19-year life of the obligation. The interest rate is locked at 3.64%.

Funding from the original Series 2002 Revenue Bonds was utilized for various projects and as a result, separate debt service funds were created to independently track the repayment of the related debt (i.e., Fund 250 and Fund 290).

Due to a very favorable interest rate environment, in June of 2012, the City refunded the original Series 2002 Revenue Bonds with a Bank Loan (described below) that resulted in a more than \$2.5M NPV savings (inclusive of Fund 290) over the life of the loan.

The Series 2012 Revenue Bonds are bank qualified debt, secured solely by a covenant to budget and appropriate the required debt service payments each year. This loan is structured the same as a serial bond issue with principal payments due on August 1st and semi-annual interest payments due on February 1st and August 1st of each year with the final maturity on August 1, 2027. Debt service requirements average approximately \$368,000 (exclusive of Fund 290) per year over the 15-year life of the obligation. The interest rate is locked at 2.180%.

- Provides the necessary equipment to continue to provide high quality and effective police services.
- Continues the implementation of technology improvements and management information systems to enhance the productivity and efficiency of City operations.
- Ensures that the tools of production, vehicles, equipment and technology, are available for City operations.

PURPOSE OF THE CAPITAL IMPROVEMENT PROGRAM

The purpose of the CIP is to establish a long term plan of proposed capital expenditures, the means and methods of financing, and a schedule of priorities for implementation. In order to determine the impact on the City's operating budget, debt service and the general trend of future expenditures, the City Commission will be provided with the advantage of a CIP document as a point of reference and estimated long-term budget plan. In accordance with the State's Growth Management Act, the City is required to undergo this process in order to meet the needs of its Comprehensive Plan.

The CIP is an official statement of public policy regarding long-range capital development within the City. A capital improvement is defined as a capital expenditure of \$5,000 or more, resulting in the acquisition, improvement or addition to fixed assets in the form of land, buildings or improvements, more or less permanent in character, and durable equipment with a life expectancy of more than one (1) year. In addition, equipment that has a value of \$5,000 or less is also included in this document for budgetary purposes.

The CIP lists proposed capital projects to be undertaken, the year in which they will be started, the amount expected to be expended in each year and the method of financing these projects. Based on the CIP, a department's capital outlay portion of the annual Operating Budget will be formulated for that particular year. The CIP document also communicates to the citizens, businesses and interested parties the City's capital priorities and plan for implementing projects.

The five-year CIP is updated annually to add new projects in the fifth year, to re-evaluate the program and project priorities in light of unanticipated needs, and to revise recommendations to take account of new requirements and new sources of funding. Capital Improvement programming thus becomes a continuing part of the City's budgeting and management procedures.

The annual capital programming process provides the following benefits:

1. The CIP is a tool for implementing the City's Comprehensive Plan.
2. The CIP process provides a mechanism for coordinating among projects with respect to function, location, and timing.
3. The yearly evaluation of project priorities ensures that the most crucial projects are developed first.
4. The CIP process facilitates long-range financial planning by matching estimated revenue against capital needs, establishing capital expenditures and identifying the need for municipal borrowing and indebtedness within a sound long-range fiscal framework.

5. The impact of capital projects on the City's operating budget can be projected.
6. The CIP serves as a source of information about the City's development and capital expenditures plan for the public, City operating departments and the City Commission.

LEGAL AUTHORITY

A capital programming process to support the comprehensive plan is required by the Local Government Comprehensive Planning and Land Development Regulations, incorporated as Chapter 163, Florida Statutes.

DEVELOPMENT OF THE CAPITAL IMPROVEMENT PROGRAM

The City's capital programming process began in January when operating departments were required to prepare requests for all proposed capital projects anticipated during the period of 2016 - 2021. A CIP Preparation Manual and related forms were distributed to all departments for this purpose.

In February, departmental prioritized project requests were submitted to the City Manager's Office. Department Directors were asked to justify projects in terms of benefits derived, necessity to health, safety and welfare of the City, enhancement to City plans and policies, need of residents and funding. Projects were prioritized on the basis of Urgency, Necessity, Desirability and Deferability.

The City Manager reviewed departmental requests and conducted individual meetings with Department Directors. The departmental requests were prioritized and the five-year schedule of projects was compiled into document form by the City Manager. The methods of financing and revenue sources were then prepared by the Finance Director and City Manager and were incorporated into the CIP document. At this point, the proposed CIP is submitted to the City Commission and public for review.

In order to facilitate public involvement, public hearings and community meetings will be held to unveil and review the CIP document prior to the adoption of a Resolution approving the CIP in principle.

CAPITAL IMPROVEMENT PROGRAM POLICIES

1. Annually, the City will prepare a five-year capital improvement program analyzing all anticipated capital expenditures and identifying associated funding sources. Future capital expenditures necessitated by changes in population, changes in development, growth, redevelopment or changes in economic base will be calculated and included in the Capital update process.
2. The City will perform all capital improvements in accordance with an adopted CIP.
3. The classification of items as capital or operating will be determined by two criteria - cost and frequency. Generally, a capital project has a "useful life" of more than one (1) year and a value of \$5,000 or more. In addition, equipment that has a value of \$5,000 or less is also included in the document for budgetary purposes.
4. The City will coordinate development of the capital improvement budget with the development of the operating budget. Future operating costs associated with new capital improvements will be projected and included in the operating forecasts.
5. The first year of the five-year capital improvement program will be used as the basis for formal fiscal year appropriations during the annual budget process.
6. The City will maintain all of its assets at a level adequate to protect the City's capital investment and to minimize future maintenance and replacement costs.
7. The City will identify the estimated cost of capital projects and prepare a funding projection that considers revenues and operating costs to be included in the Capital Improvement Program document that is submitted to the City Commission for approval.
8. The City will determine the most appropriate financing method for all new projects.
9. If appropriate, the City will attempt to maintain a mixed policy of pay-as-you-go and borrowing against future revenues for financing capital projects.
10. The City will maintain ongoing maintenance schedules relating to road, sidewalk and drainage system improvements.
11. The City will address and prioritize infrastructure needs on the basis of protecting the health, safety and welfare of the community.
12. A CIP preparation calendar shall be established and adhered to.
13. Capital projects will conform to the City's Comprehensive Plan.
14. Long-term borrowing will not be used to fund current operations or normal maintenance.
15. The City will strive to maintain an unreserved General Fund Fund Balance at a level not less than 10% of the annual General Fund revenue.
16. If new project appropriation needs are identified at an interim period during the fiscal year, the funding sources will be identified and mid-year budget amendments will be utilized to provide formal budgetary authority. In addition budget amendments may be utilized to increase appropriations for specific capital projects.

PREPARING THE CAPITAL BUDGET

The most important year of the schedule of projects is the first year. It is called the Capital Budget and is adopted separately from the five-year program as part of the annual budget review process.

Based on the CIP, each department's capital outlay portion will be formulated for that particular year. Each year the CIP will be revised and another year will be added to complete the cycle. Capital Improvement Programming thus becomes a continuing part of the City's budget and management process.

The Capital Budget is distinct from the Operating Budget. The Capital Budget authorizes capital expenditures, while the Operating Budget authorizes the expenditure of funds for employee salaries, supplies and materials.

Through the City's amendment process, changes can be made to the adopted Capital Budget during the fiscal year. A request for amendment is generated by an operating department based on an urgent need for new capital project or for additional funding for a previously approved project. The request is reviewed by the Finance Director and City Manager and, if approved by the City Manager, a budget amendment is presented to the City Commission.

LOCATING A SPECIFIC CAPITAL PROJECT

The Capital Improvement Program is divided into five (5) program areas as follows:

Beautification and Parks (BP)

Transportation, Drainage and Infrastructure Improvements (TDI)

Public Buildings and Facilities (PBF)

Information/Communication Technology (ICT)

Capital Equipment Purchase & Replacement (CE)

Each project in the Capital Improvement Program has a unique project number. This project number appears at the beginning of the individual project descriptions and the Summary by Year tables. The first digit refers to functional category priority number assigned by the City Manager. The final digits outline the individual department requesting the project. For example, project BP1-CS is Beautification and Parks project number one which was requested by the Community Services Department.

SUMMARY OF RECOMMENDED PROJECTS

The proposed 2016 – 2021 CIP includes 32 projects in five (5) functional categories with a total value of \$15,417,855. The following represents the percentage of total funding that each functional category has been allocated: Beautification & Parks Facilities (3%), Transportation, Drainage and Infrastructure Improvements (42%), Capital Equipment Purchase and Replacement (24%), Information/Communication Technology (25%) and Public Buildings and Facilities Improvements (3%).

SUMMARY OF MAJOR PROGRAMS

The following table presents a summarized breakdown of the costs of the various projects recommended for funding categorized by major function for each of the five (5) years covered by the CIP.

SUMMARY OF FINANCING PLAN MODEL

The following represents an overview of the major points of the recommended funding plan:

1. Utilize “pay-as-you-go” financing through annual appropriations to fund the total five year amount of \$15,417,855. No additional debt is recommended.
- Adjusts property tax revenues based on projected conservative growth in assessments.

GLOSSARY

Account

A term used to identify an individual asset, liability, expenditure control, revenue control, encumbrance control or fund balance.

Accounting System

The total structure of records and procedures which discover, record, classify, summarize and report information on the financial position and results of operations of the City or any of its funds, fund types, balanced account groups or organizational components.

Accrual Basis of Accounting

A method of accounting where revenues are recorded when service is given and expenses are recognized when the benefit is received.

Actuary

A person that makes determinations of required contributions to achieve future funding levels that addresses risk and time.

Ad Valorem Taxes

Taxes levied on all real and certain personal property, tangible and intangible, according to the property's assessed valuation.

Adopted Budget

The proposed budget as initially formally approved by the City Commission.

Amended Budget

The adopted budget as formally adjusted by the City Commission.

Amortization

The reduction of debt through regular payments of principal and interest sufficient to retire the debt instrument at a predetermined date known as maturity.

Appropriation

An authorization granted by the City Commission to make expenditures and to incur obligations for specific purposes. An

appropriation is limited in amount to the time it may be expended.

Assessed Valuation

A valuation set upon real estate or other property by the County Property Appraiser and the State as a basis for levying ad valorem taxes.

Assets

Cash, receivables or capital assets listed within the balance sheet.

Balance Sheet

Basic financial statement that describes the basis of accounting used in its preparation and presentation of a specified date in the City's assets, liabilities and the remaining fund balance or fund equity.

Balanced Budget

A budget in which current funds or revenues equal planned expenditures.

Basis Point

Equal to 1/100 of 1%. If interest rates rise from 7.50% to 7.75%, the difference is referred to as an increase of 25 basis points.

Bond

A written promise, generally under seal, to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity and carrying interest at a fixed rate, usually payable periodically. Note: The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality.

Bond Covenants

A legally enforceable promise made to the bondholders from the issuer, generally in relation to the funding source utilized for repayment.

Bonded Debt

That portion of indebtedness represented by outstanding bonds.

Budget

A financial operating plan that embodies an estimate of proposed expenditures for a given period (usually a single fiscal year) and the proposed means of financing them.

Budget Calendar

A schedule of key dates that the City utilizes to prepare, adopt and administer the budget.

Budget Message

A general discussion of the proposed budget as presented in writing by the City Manager to the City Commission.

Budgetary Control

The control or management of the City in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues. Represents the level of control at which expenditures may not exceed budget. Any revisions that alter the total expenditures of a department must be approved by the City Commission.

Capital Budget

A plan of proposed capital outlays and the means of financing them for the current fiscal period.

Capital Construction Fund

A fund established to account for bond proceeds and expenditures associated with the purchase of properties to be utilized for public parks, cultural center and the permanent Government Center and Police Station.

Capital Improvement Program (CIP)

A plan for capital expenditures to be incurred each year over a five-year period to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the City is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

Capital Outlays

Non-recurring expenditures of an infrequent or unusual nature which may result in the acquisition/addition to the City's fixed capital assets or infrastructure.

Capital Projects Fund

A fund established to account for impact fees and other revenues specifically earmarked for capital projects restricted by City Ordinance or Commission Policy.

Carryover

An existing fund balance that is projected to be available for use in the City's annual budgeted expenditures.

Chart of Accounts

The classification system used by the City to organize the accounting for various funds.

Commercial Paper

An unsecured promissory note that is issued for a specific amount, maturing on a specific day. Normally, the maximum maturity is 270 days, but the most common length is 30 days.

Comprehensive Annual Financial Report (CAFR)

This official annual report presents the status of the City's finances in a standardized format. The CAFR is organized by fund and contains two (2) basic types of information: a balance sheet that compares assets with liabilities and fund balance and an operating statement that compares revenues and expenditures.

Contingency

An appropriation of funds available to cover unforeseen events that occur during the fiscal year. These funds, if not used, lapse at year-end. Note: This is not the same as fund balance.

Current Assets

Assets that one can reasonably expect to convert into cash, sell or be consumed through operations within one (1) year.

Current Liabilities

Obligation whose liquidation is expected to require the use of existing resources classified as current assets or the creation of other current liabilities.

Debt Service

The payment of principal and interest on borrowed funds such as bonds.

Debt Service Fund

A fund established to finance and account for the accumulation of resources for and the payment of, general long-term debt principal and interest. Note: This fund is also referred to as a "Sinking Fund".

Debt Service Requirements

The amounts of revenue which must be provided for a debt service fund so that all principal and interest payments can be made in full and on schedule.

Defeasance

A provision that voids a bond when the borrower puts cash in escrow via a refunding bond issuance sufficient to service the borrower's debt. When a bond issue is defeased, the borrower sets aside cash to pay off the bonds, therefore the outstanding debt and cash offset each other on the balance sheet and are removed from the financial statements.

Depreciation

The decrease in the value of physical assets due to their use and the passage of time.

Encumbrances

Obligations in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid or when the actual liability is set up.

Expenditures

For accrual basis accounts, this term designates total charges incurred, whether paid or unpaid, including

expenses, provision for debt service and capital outlays. For cash basis accounts, the term covers only actual disbursements for these purposes. Note: Encumbrances are not considered expenditures.

Expenses

Charges incurred, whether paid or unpaid, for operation, maintenance and interest and other charges which are presumed to benefit the current fiscal period.

Fiscal Period

Any period at the end of which a governmental unit determines its financial condition and the results of its operations and closes its books. Note: It is usually a year, though not necessarily a calendar year.

Fiscal Year (FY)

Any period of 12 consecutive months to which the annual budget applies and at the end of which the City determines its financial position and results of operations. The City's fiscal year begins October 1st and ends September 30th.

Fixed Assets

Land, buildings, machinery, furniture, or other equipment that have a useful life of more than one (1) year that cost more than \$5,000.

Franchise Fee

Charges to service providers for exclusive/non-exclusive rights to operate within municipal boundaries. Examples include electric, gas, sanitation and towing.

Full-Time Equivalent Position

A part-time position converted to the decimal equivalent of a full-time position based on 2,080 hours/year.

Fund

An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources, together with all related liabilities, obligations, reserves and equities which are segregated for the

Fund Accounts

All accounts necessary to set forth the financial operations and financial condition of a fund.

Fund Balance

The excess of a fund's assets over its liabilities and reserves. The City follows GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions which requires that governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent.

The classifications used in the governmental fund financial statements are as follows:

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. "Not in spendable form" includes items that are not expected to be converted to cash (such as inventories and prepaid amounts) and items such as long-term amount of loans and notes receivable, as well as property acquired for resale. The corpus (or principal) of a permanent fund is an example of an amount that is legally or contractually required to be maintained intact.

Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed: This classification includes amounts that can be used only

for the specific purposes determined by a formal action of the City Commission that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation. Resources accumulated pursuant to stabilization arrangements are reported in this category.

Assigned: This classification includes amounts that are constrained by the City's intent to be used for a specific purpose but are neither restricted nor committed. The City Commission has by resolution authorized the City Manager to assign fund balance. The City Commission may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's budget. Unlike commitments, assignments generally can only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Unassigned: This classification includes the residual fund balance for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

General Fund

The fund that is available for any legal authorized purpose and which is therefore used to account for all revenues and all activities except those required to be accounted for in another fund. **Note:** The

General Fund is used to finance the City's ordinary operations.

Goal

A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless; that is, it is not concerned with a specific achievement in a given period.

Grant

A contribution by one (1) governmental unit to another. The contribution is usually made to aid in the support of a specified function (e.g., education), but is sometimes also made for general purposes.

Income

This term is used in accounting for governmental enterprises and represents the excess of the revenues earned over the expenses incurred in carrying on particular phases of an enterprise's activities. As indicated elsewhere, the excess of the total revenues over the total expenses of the utility for a particular accounting period is called "net income".

Infrastructure

Public domain fixed assets including roads, bridges, curbs, gutters, sidewalks, drainage systems, lighting systems and other items that have value only to the City.

Interest Income

Revenue generated through the investment of fund balances.

Interfund Transfers

Administrative fees charged to other City funds for the provision of administration and other City services.

Intergovernmental Revenue

Revenue received from or through the Federal, State or County government, including State Revenue Sharing, Alcoholic Beverage Tax, Sales Tax and Gasoline Taxes.

Inventory

A detailed list showing quantities, descriptions, property values, units of measure and unit prices. Note: The term is often confined to consumable supplies but may also cover fixed assets.

Liabilities

Debts or obligations owed by one (1) entity to another entity payable in money, goods or services.

Mill

A taxation unit equal to \$1 of tax obligation for every \$1,000 of assessed property value.

Millage

The total tax obligation per \$1,000 of assessed property value.

Mission Statement

The statement that identifies the particular purpose and function of a department.

Net Position

Excess of the City's assets and deferred outflows over its liabilities.

Non-Departmental

Activities, revenues and expenditures that are not assigned to a department.

Objective

Something to be accomplished in specific, well-defined and measurable terms and that is achievable within a specific time frame.

Operating Budget

A budget for general revenues and expenditures such as salaries, utilities and supplies.

Ordinance

A formal legislative enactment by the governing board of a municipality.

Pay-as-You-Go Financing

A method of paying for capital projects that relies on current tax and grant revenues rather than on debt.

Performance Budget

A budget wherein expenditures are based primarily upon measurable performance of activities and work programs.

Performance Workload Indicators

Data collected to determine how effective and/or efficient a program is in achieving its objectives.

Police Education Fund

A special revenue fund used to account for revenues pursuant to Florida Statute 943.25 which allows municipalities to collect two dollars (\$2.00) from each traffic citation for the purpose of criminal justice education and training for police officers.

Police Offduty Services Fund

A special revenue fund used to account for revenues and expenditures associated with services provided by off duty police officers in private customer details to the various businesses and condominium associations.

Property Tax

A tax levied on the assessed value of real and personal property. This tax is also known as ad valorem tax.

Proprietary Fund

Enterprise and internal service funds that are similar to corporate funds, in that they are related to assets, liabilities, equities, revenues, expenses and transfers determined by business or quasi-business activities. Note: An example of this type of fund is the Stormwater Utility Fund.

Reserves

The City's current year budgeted funds that are not planned to be expended. These reserves may "carryover" into the available fund balance of subsequent years.

Resolution

A legislative act by the City with less legal formality than an ordinance.

Revenues

Increases in governmental fund type net current assets from other than expenditure refunds and residual equity transfers.

Rolled-Back Rate

The operating millage rate required to raise the same ad valorem tax revenues as were levied in a prior year, exclusive of new construction, additions to structures, deletions and property added (e.g., annexations).

Sales Tax

Tax imposed on the purchase of goods and services.

Special Revenue Fund

A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

Stormwater Utility Fund

This fund is used to account for revenues and expenditures specifically earmarked for the construction and maintenance of the City's stormwater drainage system.

Taxable Value

The assessed value less homestead and other exemptions, if applicable.

Taxes

Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or

Transportation and Street Maintenance Fund

A special revenue fund to account for restricted revenues and expenditures which by Florida Statutes are designated for street maintenance and construction costs.

Trust and Agency Funds

These funds are used to account for

assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

emergency dispatch systems, training, communication, maintenance and repairs and related capital outlay purchases. The fund offsets a portion of the emergency 911 operations.

Truth in Millage (TRIM)

The Florida Truth in Millage Act ("TRIM") serves to formalize the property tax levying process by requiring a specific method of tax rate calculation form of notice, public hearing requirements and advertisement specifications prior to the adoption of a budget tax rate.

The effect of TRIM is to inform taxpayers that their property taxes are changing (up or down), the cause (a change in the assessed value of their property and/or an increase in the proposed spending level) and how the proposed new tax rate compares to the rate that would generate the same property tax dollars as the current year (the "rolled-back" rate).

Unencumbered

The portion of an allotment not yet expended or encumbered.

Useful Life

The period of time that a fixed asset is expected to operate. This can refer to a budgeted period of time for an equipment class or the actual amount of time for a particular item.

User Charges or Fees

The payment of a fee for direct receipt of public service by the party benefiting from the service.

Utility Service Tax

Taxes levied on consumer consumption of utility services provided in the City. The tax is levied as a percentage of gross receipts.

911 Fund

This fund is used to account for revenues and expenditures specifically earmarked for the City's emergency 911 system in accordance with Florida Statutes 365.172. The funds may be used to provide
