**NOTE:** The City of Aventura Public Works / Transportation Department must be Notified 48 hours prior to the start of construction. Inspections will be required at the City's discretion at a rate of \$112.50/ hour during normal working hours and \$135/ hour after normal working hours. Proper MOT must be maintained. All construction activities are to use best management procedures to prevent, to the extent possible, sediments from entering adjacent property, water bodies, or other areas which may eventually cause them to be washed into adjacent surface water bodies. Prior to release of bond the applicant shall restore all areas disturbed including but not limited to: irrigation, lighting, ground topology and utility paint markings at their expense. Locations must be completed prior to excavating and boring. No excavating or boring will be allowed on Fridays except for emergency situations approved by the Aventura Public Works / Transportation Department.
